Editor's Notes

December starts with a double whammy at the Angeles City Hash House Harriers 2000th Run and the first Angeles City Craft Beer Festival; a marriage made in heaven. Everyone has a favorite beer and a favorite watering hole, so we've launched a new "Bar of the month" feature. If you have a pub you'd like to nominate just let us know about it and you might see it in the next edition of Harrier Magazine. Read on to discover which pub is in the spotlight this month. Hashtorian Howard "Dances with Dogs" McKay offers a brief history of the Angeles City Hash House Harriers.

Vietnam Nash Hash and the Nha Trang Hash House Harriers celebrate their four year anniversary. The hospitality of the NTH3 hashers, along with the mighty mountains and beautiful beaches of Nha Trang make this event a must for anyone with Vietnam on their bucket list.

Three is the magic number next month when the Bali Hash 2 celebrates its 25th, Victor's Birthday and Chinese New Year. If you haven't hashed on the Island of the Gods you owe it to yourself to smell the incense and hash in some of the most scenic terrain on the planet.

Eurohash in Vienna is a sure pick for one of the best events next year. Why not extend your European sojourn to include a Pre Lube on a Danube River

HARRIER MAGAZINE PUBLISHER **JIM EDENS** WITH A VIRGIN HASHER AT THE PHNOM PENH "DANGER HASH".

Asia Hash will be in Sokcho, Korea in October, and Mekong Indochina Hash will be in Laos.

We are again pleased to share the latest edition of what may be the best Hash Trash in the world. The Stockholm Absolut Hash Trash has been banned in certain places (as has Harrier Magazine), so they must be doing something right. Be prepared to fall off your chair laughing.

With scores of great events coming up in the months ahead, I hope to see you on trail soon.

On On,

cruise or a Post Lube in Slovenia with the amazing Vineyard Hash. Anyone who has been on one of AB's magical mystery tours will tell you that they are well planned and never lacking in beer, scenery or fun.

Have you ever dreamed of hashing in South America? Our correspondents recently hashed in Buenos Aires, Montevideo, and Santiago. Three cities that few hashers have visited are unveiled in this edition.

Our esteemed Africa correspondent Head Mistress reports on Harare's 2000th Run coming up soon.

Now is the time to make your travel plans for next year. Philippine Nash Hash will be in Cebu in May. Pan

AB's Blue Danube Hash Cruise 2017

by Automatic Balls

The longest river in the European Union, the Danube River is the second-longest river in Europe after Russia's Volga. It begins in the Black Forest region of Germany and runs through 10 countries (Germany, Austria, Slovakia, Hungary, Croatia, Serbia, Romania, Bulgaria, Moldova and Ukraine) on its way to the Black Sea. Much older than the Rhine, its basin is thought to have been the site of some of the earliest human cultures, and it remains one of Europe's most important and historic waterways and a popular river cruise destination.

Flowing through 10 countries, the Danube is the heart and soul of Central Europe. Countless cultures and civilizations have used it as a trade route and economic artery. Armies have been stopped at its banks. Its boundaries marked the edge of the Roman Empire, and its bridges have linked nations. It has inspired vintners to create prized wines, composers to write enduring music and hashers to lay adventurous trails.

Our EuroHash 2017 Pre-Lube starts in Vienna.

Then, board your ship and begin exploring the natural beauty of Austria. Enjoy the serene atmosphere as you glide along the river, passing quaint villages and scenic beauty. Chilling, chatting and drinking with your hash bodies on our ship, since most drinks are included and enjoy guided sightseeing in Slovakia's vibrant capital of Bratislava. Our hash journey includes one overnight stay in Bratislava, another stop in a medieval Slovakian village and our last night in exciting Budapest, including guided sightseeing and time to explore on your own. Enjoy Hungarian cuisine and hashing with the local hash kennel.

AB's BLUE DANUBE HASH CRUISE - EURO HASH 2017 Pre-Lube

Details

Slovakia is Europe's best kept secret and Bratislava is attractive and dynamic town. Though it's a conveniently located, fast-growing destination, you will still find Bratislava/ Slovakia have not become overcrowded and commercialized, and one that still prides itself on genuine authenticity and openhearted hospitality. It's a compact and friendly city – Bratislava's Old Town is extraordinarily "user friendly". Its Central European charm, lively but laid-back atmosphere, compact size and dozens of outdoor cafés and restaurants make it an ideal destination for weekend getaways.

Bratislava's history – In more than 2,000 years of history, Bratislava came under Celtic, Roman, Germanic and Slavic rule, and for more than two centuries it was Hungary's royal capital and coronation site. All these influences – and more – have left their mark on the modern Slovak capital. Communist rule also changed the face of the city, and today Baroque architecture rubs elbows with the sometimes jarring relics of the post-World War II Communist era.

Gastronomy – The local gastronomic tradition is a cosmopolitan blend of Slovak, Hungarian, Moravian and Viennese cuisines, and Slovak wines can be excellent. The Old Town boasts a growing number of top-quality restaurants serving international and local cuisine. In the summer, cafés bars and restaurants spill out into the streets and squares.

2 JULY 2017

VIENNA – BRATISLAVA DURATION CA. 3 HOURS

After our wonderful boat cruise from Vienna to Bratislava we will go to our hotel, in walking distance from the pier on the Danube.

Time to discover Bratislava on a hash run... Who wants to lay a trail? After hash & circle we will have dinner in a nice and typical Slovakian restaurant. More beer and wine waiting for you.

3 JULY 2017

SMALL CARPATHIAN WINE TRAIL DURATION CA. 5-6 HOURS

The region and its sights are accessible all year round. At certain times of the year, there are fairs and other events promoting wine production – for example, a wine fair in April, grape harvest festivals in September and Days of Open Wine Cellars in November.

The Small Carpathian Wine Trail tour offers a genuine possibility to enjoy the Slovak countryside outside of Bratislava. The landscape is a perfect blend of vineyards – cultivated for centuries on the southern slopes of the Small Carpathians – and small historic towns with typical wine-country houses.

CERVENÝ KAMEN CASTLE – Cervený Kamen [Red Stone] Castle is located above the village Píla some 30 kilometres northeast of Bratislava. This massive military stronghold was originally constructed as a part of a defensive castle chain spreading along the Small Carpathians that guarded the borders of the medieval Hungarian Kingdom. The current appearance of the castle is a result of radical Renaissance reconstruction in the wake of the Turkish military threat in the 16th-17th centuries. In recent decades the castle underwent a lengthy restoration process, which resulted in its opening to the public in 1992. Rich collections of historical furniture from Pálffy estates, memorabilia from the anti-Ottoman wars and other items illustrate the lifestyle of the nobility in this part of Europe. A beautiful forested landscape and a nearby falconer's station, which presents summer shows, make this castle one of most popular tourist attractions in the region.

After lunch time we will board our ship again and continue direction Hungary.

4 JULY 2017

Frankfurt Vineyard Hash #25

Jubilee Event in Slovenia 11-14 July 2017 (4 Days - 3 Nights)

We will start at our meeting point (Hash Hotel) in Vienna and heading south by hash bus to Slovenia. One country less on your “Where to hash next list”!

Slovenia is situated on the sunny side of the Alps. It is a Central European country and offers a heterogeneous landscape despite its size -from the peaks of the Julian Alps to the Mediterranean beaches, to the Pannonia plane and young Dinaric Alps. You can feel the warmth of the Mediterranean sun on the beach and the refreshing air of the Alps within one day.

Apart from being hard-working and diligent, Slovenians do things with great passion and energy. You can easily make yourself understood with Slovenians, since the great majority speak English and other languages well.

Highlights of our Vineyard Jubilee Event will be spectacular scenic runs, wine tastings and Slovenian style hash parties...

Here some places we are gonna see on our trip.

Bohinj

Bohinj is one of the most beautiful places in the heart of the Julian Alps and in Triglav National Park.

The natural beauty of high mountains, green forests, and beautiful mountain pastures and meadows, the cultural and historical monuments, and the friendly villages and towns will make you remember this place.

Bled

The only Slovenian island lies in the middle of an alpine lake. With its charm it has been a symbol of the city attracting guests from all over the world. Bled offers the opportunity to full your lungs with vivifying mountain air and enjoy the unspoiled nature.

Experience ride with 'pletna' a traditional wooden vessel on Lake Bled and make a wish ringing the church's bell on the island. Bled is also famous for their dessert 'Kremšnita'. The name of the dessert means simply 'cream slice' – it is a vanilla and custard cream cake.

Mount Vogel

The upper Vogel cable car station, located at 1,535 metres, greets visitors with spectacular panoramic views of Komna, the Triglav mountains and all the way to the Kamnik and Savinja Alps.

We might have also a hash run in this region... not only Switzerland has UPS! ;-)

Postojna Cave

The Postojna Cave is one of the present day's most important show caves in the world. It is also number one among sights which attract the largest numbers of visitors. The Postojna Cave is a 20 km long karst cave system. It is both the largest cave of the Classical Karst and the show cave with the largest numbers of visitors in Europe. Part of the visit to the cave is done on the train and part of it on foot. Tour takes approx. 90 Min.

We will continue further south to the Slovenian coast – and yes, sorry we don't wanna tell you all details yet... We still want to surprise you on our exclusive wine tour "hashvaganza" through Slovenia.

We will only have ONE Hash Bus - means max. 40-50 hashers!

Registration by direct Email to Automatic Balls.

South America Hashing Tour

by Quick Drawers, Rawhide and "Lifa"

HASHING IN
SOUTH AMERICA

Buenos Aires: October 2016

I would recommend that you schedule your planned visit to Buenos Aires, Argentina, to coincide with their Bi-weekly Hash schedule, as you would not want to miss an opportunity to hash with this group. I would also suggest contacting a member of their mismanagement team during your planning process. This extra step ensures you may become aware of any potential changes due to season, Holidays, special events, etc.

A very reliable contact for the Buenos Aires hash is "Inspect Her Assets", who will make sure the group knows you are coming and will also answer any questions you may have. Traveling with "Rawhide" and "Lifa", both former GM's of the Seoul Hash, was an added bonus vs traveling by oneself. "Inspect Her Assets" put us into contact with "Good Service", whom we met at her house, so we could all ride together with "Doon Doon". The BAH3 Saturday Oct 15th hash (rescheduled from Sunday the 16th due to Mother's Day) started/finished at the hare's house. It would have been much more challenging to reach that location, an hour from our hotel, on our own.

Our Hare on this day, was "One Bolt, Two Nuts" who proceeded to live hare the trail for the running members of the group, while I was part of the three-walking hash group. The light rain falling both before and during the hash, failed to dampen any hash spirits as expected. There was a generous beer stop, where both groups met, in a local park and then it was off again onto the finish.

Circle activities were conducted in the hares' spacious house, by acting GM "Meat My Pussy" most recently from hashing with the Cairo Hash. There were also four virgin Hashers in attendance on this day. As sometimes commented upon when referencing Latin American venues, there was no hurry to conclude the generous festivities and we enjoyed the company of this lively group for the greater part of the afternoon. Visitors should not consider driving to a BAH3 event, unless they are planning on being the designated driver upon its conclusion, as this group does not skimp on the Beer or food provided and is in no hurry for anyone to depart.

Thanks to everyone in the Buenos Aires Hash for making our visit to your beautiful city a very memorable one.

Montevideo Uruguay: Red Dress Hashing

The recommended way of reaching Montevideo from Buenos Aires is by using one of the several Ferry's, not an overnight round-trip airfare, as we did. Arriving into Uruguay via Colonia would then give you the opportunity to visit that historic and picturesque town, which we saved for a possible next trip due to time and schedule constraints.

We did have the afternoon available to visit (via the efficient local bus system) the center of Montevideo and explore its old town area. While doing this, we highly recommend having a beer and a meal at one of the restaurants within the historic Mercado del Puerto building. They all have wood fired open grills so you can watch your entrée cooked, while drinking your cold beer and admiring your pleasing surroundings.

The 8:30 PM start of the Montevideo Hash Red Dress run on Monday 17 Oct, in the Carrasco area, was a little on the chilly side, mostly due to a brisk wind, but this hearty hash group was unconcerned. The hares - "Farts Like Men", "Barely Came, Dust In The Wind" fortified both the runner and walker groups with ample Sangria shots, at the drink stops, before reaching the ON IN. Large portions of Hawaiian themed food greeted the pack, along with still more Sangria and cold beer. As circle and social activities came to a close nearing 11:30 PM, "Rawhide", "Lifa" and I headed off to get a few hours of sleep before our 8AM flight back to Buenos Aires.

Thanks Montevideo H3, for an entertaining and enjoyable hash. We hope to see each of you again, in the future.

Santiago Chile: Halloween Hashing

The last leg of our three country Hash trip to southern South America, for “Rawhide”, “Lifa” and myself took us to Santiago Chile, for a Halloween themed costume Hash on Saturday afternoon 22 Oct.

Our hash point of contact for this group was “Queen Sump Pump” aka Mark. He graciously provided all the advance info anyone could ask for prior to our visit and helped ensure this Hash visit was a great success. The 3 PM meet with a 3:30 start gave everyone ample time to meet and greet each other over a cold beer prior to heading off on either the runner or walker trails. Both trails lasted approximately an hour and returned to the starting Irish Bar location.

The walker trail, hared by “Sir Acting Seaman”, was well marked and took our group thru various scenic neighborhoods and parks. There were evidently a couple questionable markings or their resulting interpretation by several members of the runners’ pack, whose trail was hared by GM “Fukimoto”; but, what hash would be complete without some after hash discussion of the Hares and their markings!! Circle was very enjoyable and even supplemented by the arrival of several late sign up’s. Upon conclusion of the circle, GM Fukimoto invited the pack to his home for an On After Barbecue and continued festivities.

Hashing with the Santiago Hash was an excellent conclusion to this South American Hash Trip. We would be very pleased to hash with any of these groups or their members again in the future.

A huge Thanks to “Queen Sump Pump” and all the members of this very personable Hash.

Hash House Harriers Celebrate their 2000th Run

by Jan Venema, Pete Gamble, Don MacDonald
and Snowy Neves

CONTENTS

A Hash started in Salisbury (Harare) back in the 1950s, when troops returned from serving in the Malaya Emergency, and brought the concept of hashing with them. The club ran for just over a year and then interest waned and it died. Harare Hash House Harriers (H4), as we know it today, was started in March 1984, primarily by Sue and Chris Swain from Australia. Sue was a founding member of the Nairobi Hash. She believed that it was time for Southern Rhodesia to properly come of age! She roped in one or two runners from the University of Zimbabwe and diplomats from the Australian and British embassies - H4 was born. It was very much a 'Family' Hash, with young parents and children enjoying the fun. Since then, the 'Hash' has grown from strength to strength, providing fellowship and friendship to all age groups and mingling 'old hands', newcomers and visitors alike.

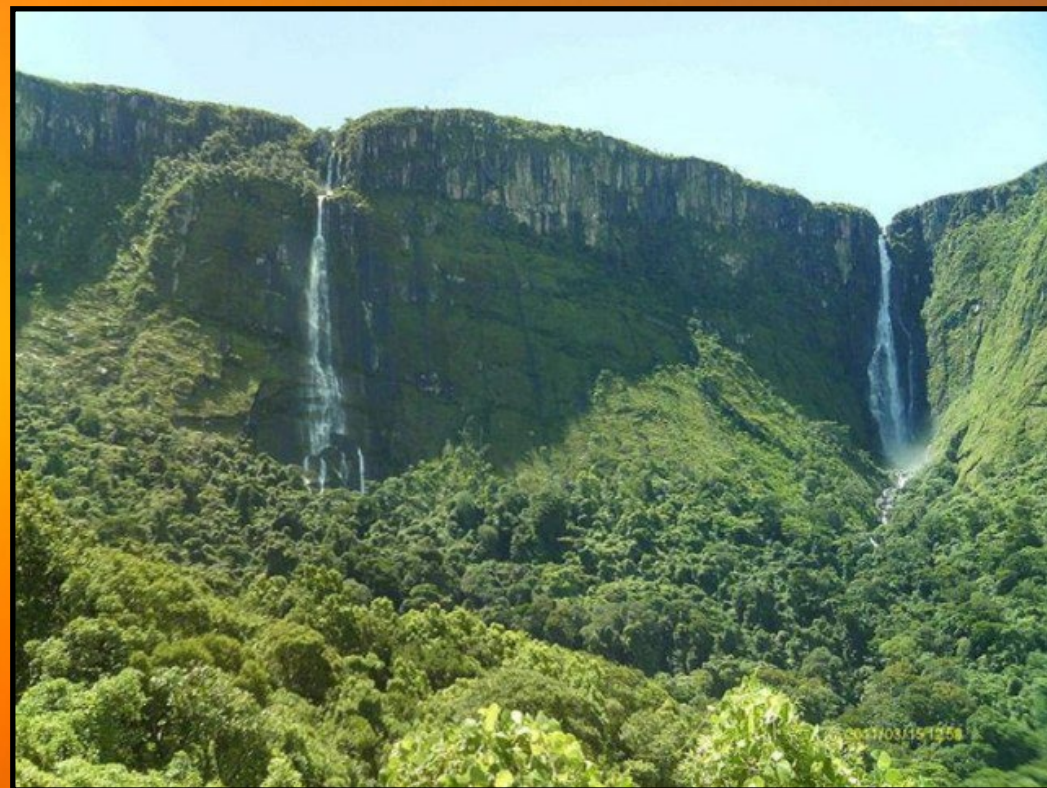

Harare Hash has still retained its friendly, welcoming atmosphere, despite the fact that in common with many hashes worldwide, the average age has risen somewhat!! As a result H4 is now more of an adult Hash, if you consider the content of the Circle songs and the general ambiance of the Circle. Nevertheless, broadminded family members are welcome!!

H4 runs every Monday whatever else happens and whatever the weather! There are also at least 3 'away weekends' during the year – Mad March, Midwinter (usually in July) and the AGPU in November. In addition, a Zim-Zam run is sometimes held in May, linking Lusaka and Harare hashes.

Harare Full Moon Hash was started as an extension of H4, although this is run rather spasmodically at present.

H4 has had a number of milestone event in its history. The 1000th run was held at Kushinga on Lake Kariba. There was a very long and steep hill to get in and out of the venue. So much so that the hares had to lay on a bus to bring back the less fit members after they had staggered

up the hill! Part of the run took us past a marula tree on the edge of Lake Kariba. A couple of elephants had been feasting on the fermenting marula fruits on the ground, and turned out to be much more drunk than the hashers!!

Perhaps the most memorable H4 event has been the Africa Interhash in 1999 (judged as one of the greatest hashes ever by some of those who attended) - held at the newly built Kingdom Hotel at Victoria Falls. For an event involving African wildlife (the animals – not the Hashers!!) an attendance of over 400 was a tight call. The slogan for this Hash was: 'The only Hash where the pussy eats you!' A train was used to take the participants out to a Holistic Centre where the first day's runs were held. No sooner had the train cleared the town, than it was stopped by a herd of elephants. Consternation was replaced by excitement when it was realised that these were tame and laid on by one of the Hash member's father, so some of the hashers even had a ride!

The following day's 'recovery run' was anything but!! A group of Malaysian hashers insisted that some of them cosied up to what were a small herd of wild elephants so they could take pictures. The hares tried to explain, with their hearts in their mouths, that these were wild! Fortunately the elephants obediently obliged for the photos – but you wonder what they thought of the 'tourists'! The trail took us along the mighty Zambezi, where the Malaysians wanted photos standing on rocks in the river. The hares pointed out that there were crocodiles and hippos there, both of which can move very fast. Fortunately no one was eaten! Your faithful scribe was one of the hares, and was laying trail early in the morning with shredded paper from a black bag. On passing an old bull elephant

feeding upon a bush, the elephant decided that yours truly must have food in the bag, There followed a charade of trying to lay a trail around the elephant, only to have him come to try and grab the 'food'. Needless to say, the trail route was changed!! That run culminated in a lively circle with some of the sinners being dumped unceremoniously in an animal feeding trough full of ice – well it was a hot day!!

H4 set another run at 'the Falls' in as a post ramble for the Africa Inter-hash in CapeTown in April 2005. This one involved the use of rafts as used in white water rafting, and hashers paddled themselves to several islands in the middle of the Zambezi, past pods of hippos, where the runs took place – and even included a beer stop!! A silver service dinner in the bush and a circle interrupted by a herd of elephants made the event memorable.

On the weekend of 24 to 26 February 2017, H4 celebrates its 2000th run – another memorable H4 event. This time the event is being held in the majestic mountain ranges of Nyanga, and is being hosted at the Rhodes Nyanga Hotel in the Rhodes National Park. The scenery is stunning and the beer will flow! The area does not have any large wild animals, but arrangements can be made for visitors to safely see the wildlife travelling to or from the venue, either side of the event, if they so wish.

Nha Trang H3 2017 Vietnam Nash Hash & 4th Anniversary Weekend 24-26 March 2016

CONTENTS

photos by NTH3 Hash Flash

Nha Trang H3 is celebrating its 4th anniversary in conjunction with Vietnam Nash Hash on the weekend of 24-26 March. Being the nation's premier beachside destination and boasting great Hashing country just minutes from the city centre it is ideally situated for major events such as this.

THE AGENDA

Fri 24th

Rego, drinks and finger food.
Pick up your goody bag and catch up with old mates.

Sat 25th

Countryside walk and runs, light lunch and circle at private beachside location, evening booze up with dinner and a live band.

Sun 26th

Super scenic recovery run then onto boats for a day on the bay.
Swimming, lunch, booze and a floating bar.

WHERE

Registration and meeting point is Crazy Kim's Bar, 19 Biet Thu St.

GETTING THERE

There are plenty of flights to Cam Ranh Airport from Saigon and Hanoi. Internal flights are cheap and this is the best way to get here. Train and bus services are also available. HK Express are now doing direct flights from Hong Kong.

ACCOMODATION

Nha Trang has literally hundreds of hotels. The best advice is to check with Booking.com or Agoda for the best deals. Check your online map and use Sailing Club (on the beach and close to the Hash pub) as a reference point, picking a hotel less than 1km away. The big 5 star joints are about 1.5km away and if you can afford them you can afford the \$2 cab fare!

HOW TO REGISTER

Go to the the website www.nhatranghash.com ,
click on "Specials" and follow your nose.

Numbers are limited to 135 due to space on the 3 Hash boats and we have filled 2 already . Get in quick or you WILL miss out.

INDOCHINA MEKONG HASH 2017 Vientiane, Laos PDR

by Dayak and Numbuts

photos by Jimmy Wilkins

The 2017 Indochina Mekong Hash will be held in Vientiane, Laos, over the Friday 3rd November to Sunday 5th November 2017 weekend.

This will be the third time that this event has been held here. It was previously held in Vientiane in 1999 and in 2005. In 2011 the event was held in Luang Prabang, Laos.

Vientiane is the small and compact capital city of Laos, but returning hashers will be surprised by how much it has grown in the last few years. The traffic has increased tenfold but is still sedate, compared to most other SE Asia cities anyway. It still has all the great eating and drinking establishments of old, as well as many new ones.

Vientiane itself is good for a couple of days as a tourist. It is small and has not that many tourist attractions; hence coming for a hash makes it ideal. Anybody planning to be in Laos for longer should definitely look at travelling to Vang Vieng- 4 hours by road, spectacular scenery, cheap accommodation and food, and great times, and Luang Prabang- the world heritage listed old capital of Laos- 8 hours by road, multiple daily flights, spectacular scenery, great accommodation and food, and good times. Of course, there are many, and varied, other places in Laos to visit.

Laos Hashing History

Vientiane is the home of three hashes. VH3, every Monday evening; VBH3, every Saturday in the bush; and the push bike thingy, last Sunday of every month.

The Vientiane Hash House Harriers (VH3) was founded by Doug Stewart & Tom Holbrook and held its first run on Monday, 13th April, 1981. Since then the VH3 has run every Monday without exception and has clocked up more than 1916 consecutive runs (to November 2016). Numbers on regular runs vary between 10 and 20 nowadays.

A difference from many other Hashes is that there are three runs. The Short Run, aimed at the very young, the very old and the very lazy or otherwise incapacitated, is followed by all runners to a Hash Halt where all await instructions from the Hare. Short Runners return by one route and the others continue. The Medium Run is handled in a similar manner, leaving the Long Runners to continue.

The Vientiane Bush Hash House Harriers (VBH3) was formed by eight members of the VH3, who decided that they would like to have a weekend run in the countryside, rather than in the suburbs of Vientiane. The first run was held on Saturday 14th June 1997 and was attended by 13 Hashers. Since then numbers have fluctuated according to the season, weather, visitors and rise and fall (mainly fall) of the expatriate population. Sadly, the move to the ultimate Hash in the Sky has recently removed two of the Founders. However, the VBH3 continues to run every Saturday, meeting at Nam Phou (The Fountain) and going out to the bush in vehicles belonging to members. The VBH3 attracts many visitors, and its members run regularly with other Hashes, both in the region and worldwide.

The Bike Hash was founded in 2010 by Mother Trucker and Plastic Paddie. It meets at the Nam Phou Fountain at 9.30am every last Sunday of the month and goes to the start point by arranged transport. The rides are generally a mix of bush trails, with often some better tracks and sealed roads. The Bike Hash gets to many interesting and scenic places, generally unseen by many people and is a great social day out.

There are also a number of now defunct hashes that sprung up as the need arose for large mines and road building projects i.e. Sepon, Phu Bia, Pakse. As all that have hashed in Laos before will tell you "It is an experience", and they will all be back.

IMH2017 3rd-5th November 2017

Our website for the IMH2017 is <http://imh2017.com/index.php>
IMH207 numbers will be strictly limited to 350. We have already registered over one third of these positions so if you are interested please do yourself a favour and register. Payment, as always, is appreciated early so we can then get on with organising great runs and the million other small things that need to be done for these events.

With central Vientiane being small, and containing the majority of accommodation, everything should be within walking distance. The terrain outside the city, for hashing purposes, is varied, ranging from "old codger strolling" to "ball breaking difficult". We plan on making the best use of all of these.

Please check the IMH2017 Facebook page for things of interest.

On On, and see you there,

2017 PHILIPPINE NASH HASH IN CEBU

MAY 19TH TO 21ST

2017

REGISTRATION IS NOW OPEN ON LINE

Click the Nash Hash logo at <http://www.cebuhash.org/index.php>

Cebu Hash is close to 20 years old and is based in and around Cebu City (approximately half way up or down on the east coast of Cebu Island).

Cebu is a long thin island with a narrow coastal plain along each coast with a multitude of steep-sided hills running south to north along its central spine. For Hashers, this means that much of the flat land is built up or fenced in. This leaves the hilly interior for most of our Runs. Browse our website at <http://cebuhash.org/index.php> to see the sort of places we regularly Hash.

Transporting a large numbers to some of our better run sites is not feasible. Therefore the main runs on the Saturday will all start and finish at the Kan Irag Nature Park close to halfway across the trans-central highway near to Ayala Heights. (Latitude 10°23'51.87"N and longitude 123°52'1.07"E on Google Earth).

Friday afternoon hikes and walks will be nearer the City. Sunday recovery runs will be on the coastal plane north of Cebu City.

Cebu City itself has many upmarket (expensive) hotels and a wide variety of lower cost (but OK) places to stay at. Those located along Gov Quenco Avenue and A.S. Fortuna Street are the best placed for access to our pick up point. We do not recommend staying on Mactan Island (Lapu Lapu) over a Hash weekend.

There are also a handful of large (expensive) beach resorts scattered around the island. Unfortunately, the more economical resorts are not very large. By the way, there is not a large red-light bar district as such in Cebu.

The 2017 Philippine Nash Hash over May 19TH to 21ST

Follow the links on <http://cebuhash.org/index.php>

BASIC OUTLINE PROGRAM – (Subject to change and more might be added)

Friday 19TH there will be an afternoon arduous hills hike trail just outside the city proper. This will overlap a short scenic waterfall walk for the less active Hashers. In early evening there will be a meet and greet party at the SandTrap pub (with free beer) to confirm registrations, etc..

For evening fun, a bar crawl run is being arranged (on a pay your way basis).

Saturday 20TH is the main run day and après circle party at Maria Luisa New Club House overlooking Cebu City.

A short walkers trail, a slightly longer one, and a 12km minimum ball buster. Open air circles leading on to gallons of beer with grub and entertainment till around midnight.

Sunday 21ST will see a late morning set of recovery runs (one short + one long). These will be within sight of the sea and will start and finish at a sub-division club house with a swimming pool.

FEES

ONLY PHILIPPINE PESO PAYMENTS
ACCEPTED

To cover all the costs and ensure plentiful beer supplies, we have set the event fee at Peso 4,500 per person to be paid via PayPal (including major credit cards) through the links on our website. The final cut off date is 20TH April 2017.

For those able to pay in cash in Cebu there will be a discount – Peso 4,000 in cash payable to Dribbles Weekly no later than 28TH February 2017. NOTE – cash payments must be in Philippine bank notes direct to our Hash Cash (Dribbles Weekly) and handed over here in Cebu BEFORE the 28/2/17 cut off date.

This is based on a limit of +/- 150 Hashers.

NB – Regardless of payment method, everyone must complete the online rego form so that we know T-shirt sizes and other preferences. Separate forms for each Hasher.

KOREA

- A REFRESHING HASHING EXPERIENCE

Hanyang Hash House Harriers & Harriettes (H5) of Korea is proud to offer itself as host of Pan Asia Hash 2017. The fact that there has never been any large scale hashing event in Korea means that, for most of the prospective participants, this Pan Asia will be a very refreshing hashing experience indeed.

We specifically chose Sokcho City as the event venue: on the fringe of this city is the world-renowned Seorak Mountain National Park which, for many Korean soap opera aficionados, has often been the surreal backdrop. The proposed dates are similarly selected, for late October ushers in the most spectacular autumnal colours,

best highlighted by the rainbow hues of the maples.

Participants will get to savour the K-food phenomenon that has been taking the gastronomic world literally by storm. Be enamored by the extensive spread of Korean delights - the quintessential Ginseng Chicken Soup; the omnipresent mouth-watering beef, lamb, and pork barbecues; the huge varieties of fresh – and often live - seafood eaten either raw/sashimi-style, or prepared in dozens of off-secret recipes unbeknownst to other parts of the world. All these, and more, washed down with world famous brands of beers, or with the uniquely Korean soju and makgoeli.

The time is ripe for a refreshing change of scenery, of style, of food and beverage, and of a completely new hashing experience. We are a new troupe of organizers, backed by the provincial government, and supported by experience from the Motherland of hashing.

Give your affirmation for a refreshing change!

KOREA - THE VENUE OF CHOICE

- **ACCESSIBLE** – round trip as low as USD200-250 from most SE Asian cities
- **AFFORDABLE** – conveniently located rooms could be had for as little as USD35-40
- **ASTHETIC** – be enchanted by autumn at its full fall colours
- **VIRGINAL** – hash in assuredly hitherto never-before-hashed territory
- **GOVERNMENT-BACKED** – the provincial government is enthusiastically supportive
- **GASTRONOMIC** – pamper your sensory glands with inimitable K-flavours
- **INTOXICATING** – infuse yourself with the full range of uniquely Korean beverages
- **COMFORTABLE** – experience hashing in low-humidity at temperatures in the mid-teens
- **ENTERTAINING** - revel in live K-pop performances and cultural shows
- **PERFECTION** – enjoy the Koreans' relentless strive for perfection!

RUN WITH
ANGELES CITY

ABOUT ANGELES CITY HASHING

by Howard Mckay

Hashing in Angeles City first saw the light of day on the weekend of 19th and 20th August 1978. A pack of 25 hashers, including hashers from Manila, ran the inaugural run on Clark Air Base on Saturday 19th August and next day a second run was organised which ran through down-town Angeles.

The hares for run No 1 were Bill Booker and Walt Daniels. Bill Booker is credited with being the founder of the Clark Base Hash House Harriers - as the club was originally called - and Walt Daniels was the first Grand Master. Both these characters have long since departed the shores of the Philippines but a debt of gratitude must be given to them for starting the great Hashing tradition here in Angeles.

From our humble beginnings, hashing in Angeles has indeed become a way of life. Our regular run day is now a Sunday and we have not missed a Sunday run in years. Even the Pinatubo volcano did not stop the run although on one Sunday there were two hares and one hound.

Of course, there is not a single hound running today who was on that first run. One of the longest ACH3 harriers who is still in touch is Rob Denny who was Treasurer for the 1990 Manila Interhash. Unfortunately he left to live in Australia some years ago. He ran 665 runs before his departure.

The two longest running present members are probably Bob “Single Malt” Smith, and Mike “Induces Menstruation” XXX, both of whom have completed over 1000 runs with ACH3. A look on the ACH3 Web Site (accessed via “Bushranger Hash”) shows there are 19 hares with over 500 runs including two who are unfortunately no longer with us.

Whereas many hashes change their GM every year, ACH3 has enjoyed the having Jack “Saput” Clayton as GM for quite a few years now. Saput in tagalog means ‘uncircumcised’, otherwise he is known as “a complete prick”. Whereas some Asian hashes seem to run interminable circles run by blokes who like the sound of their own voice, the ACH3 circles are short, sharp and amusing, usually less than 20 minutes in length. We are usually on the transport and on the way to the “on home” before it is dark (i.e. 6 to 6.30 p.m. in this region).

ACH3 is a ‘singing hash’ with different songs for every down down, different songs for various nationalities and so on. Again a check on the ACH3 web site will give access to the songs, many of which have been written by ACH3 members over the years. Some songs emanate from other hash groups, also from Public School days and so on. Credit is given where the source is know. The songbook was assembled by Dave “Doggy” Runciman who was sadly murdered in Angeles City in 2014.

Apart from the weekly ACH3 mixed hash, there is a monthly Bushranger hash, longer and tougher than the norm, and men only. There is also a BEACH hash, again men only, that runs once a month, the full moon which is mixed, plus a weekly hiking group called the Mount Arayat Hash.

The term BEACH refers to “British Empire And Colonies Hash”. It came about when the hashers who were not American were banned from the annual base cross-country race challenge because they kept winning. The BEACH was set up as a joke revenge.

We have stupendous countryside around Angeles, much of it accessible within a 30 minute road journey or less. Should you wish to come and visit us some time, you may be assured of a warm hash welcome.

THE STOCKHOLM ABSOLUT HASH TRASH

VOL 11

SPECIAL T-SHIRT EDITION

NOV 2016

PORTRAIT OF A TYPICAL STOCKHOLM HASH HOUSE HARRIER

BLOODSHOT EYES: due to too much draught (or maybe not enough!!!)

HASH NOSE: can detect the aroma of draught at 100 paces.

HASH MOUTH: hash commandment dictates that the only thing that can come in contact with this orifice on Monday night is draught and snags.

ELASTIC WAIST: on shorts non-existent, having been totally destroyed during the down-downs, when shorts are unceremoniously pulled down by drunken hash men.

HASH ODOUR: a unique blend of beer and chill snags

DIRTY HASH T-SHIRT: no self-respecting hashier is ever seen in a clean t-shirt

TATTY RUNNING SHORTS: the tattier the better, nobody will steal them should they get separated from the owner during a run

ATTACKING DOGS: always get a big kick out of hash men

WHEN YOU ARE WATCHING THE AMERICAN ELECTION COVERAGE

AND SOMEONE SAYS: THEY HAVE TO VOTE FOR ONE OF THOSE TWO

OLD HASHERS NEVER DIE THEY JUST LOSE THEIR SHOELACES

On her first day at the senior complex, the new manager addressed all the seniors pointing out some of her rules: "The female sleeping quarters will be out-of-bounds for all males, and the male dormitory to the females. Anybody caught breaking this rule will be fined \$20 the first time." She continued, "Anybody caught breaking this rule the second time will be fined \$60. Being caught a third time will cost you a fine of \$180. Are there any questions?" At this point, an retired London Hasher stood up in the crowd inquired: "How much for a season pass?"

HOW TO ORGANISE A HASH SEARCH PARTY

On discovering that someone is absent, it is essential not to panic, so the best thing to do is have a beer to calm the nerves. If the circle is about to, or has already started, go through with it. The pack can sense when something's wrong. Someone should be sent out to look for their car in case they weren't here this week, or may have returned early and left. It's probably a good idea to see if anyone else brought the lost soul before doing this. Calling the mispers mobile is a logical thing to do. If there's no answer, you may start to worry so another beer is probably a good idea. Once calm again, rational thought will probably suggest that they may not have actually run with it. This can easily be proved by checking the car. Back at the pub, sensible reasoning will suggest that they probably won't call their wife from a strangers number to avoid causing her undue stress (which has a habit of coming back with interest), and, if they are the sort of person who is only able to retain their own number, they may well have tried to call in the hope that someone would pick up. There are bound to be missed calls as everybody has been calling the phone for the last 20 minutes by now, and if by chance there is one that's not in the address book, it may not necessarily be a stranger.

It could be that the number just isn't in the address book. By now the pack are probably getting quite agitated at the mispers continuing absence, even though they've been distracted with talk of the route taken, possible alternatives, who should go which way, and discussion of the horrible fates that could have befallen the victim, er, lost soul, especially on, say, Halloween. So it's best to settle them down by suggesting a beer. Once all this activity has taken place, and given that it will now be over half an hour since the absence was discovered, it's probably best to get someone to change back into their running gear. Just for the look of it, really, no need to actually go anywhere. Suggest another beer in case. Because it will be round-about now that Shwiggy will reappear to a loud shout of "Why was he born so beautiful" and "down down", which will be the cue for everyone to return to the bar and... have another beer! There are alternative endings but here at Trash Towers we like the happy one so until it really does go o tits up, there you are! Meanwhile, it's worth reiterating yet again the 'buddy' system. Make sure at least one person knows you are on the hash, where you are in the pack, and if you've gone checking. Also check the other bars in the pub. Hares must ensure checks are marked through.....Bouncer

HEY FIFA I THINK YOU FORGOT SOMETHING?

11.11.1918 NEVER FORGET.

Fifa's latest daft ruling infuriated football supporters, war veterans and politicians. World War Two veteran Alan Jones-McSmith, 93, from Ipswich in Suffolk, said: "Fifa is a corrupt waste of space. They can stick their poppy ruling and fine where it hurts." "Fifa is proving yet again how out of touch it is with not just football fans, but decent people everywhere."

HASHER CELEBRATING 92nd BIRTHDAY

He spoke to his toes. "Hello toes," he said. "How are you? You know, you are 92 today. Oh the times we've had! Remember how we hashed in the park every Monday afternoon. The times we waltzed on the dance floor? Happy Birthday toes!" "Hello, knees", he continued. "How are you? You know you're 92 today. Oh, the times we've had! Remember when we hashed? Oh, the hurdles we've jumped together. Happy Birthday, knees." Then, he looked down at his crotch. "Hello Willie! You little bugger. Just think. If you were alive today, you'd be 92

THE KICKABOUT

The English and German football associations have been fined by Fifa because the famous Christmas Day match between opposing World War One troops was "a political statement".

Fifa, a proud and squeaky-clean guardian of world football, caused a storm this week by banning England and Scotland players from wearing poppies on their shirts during the Armistice Day World Cup qualifier on November 11.

Despite the poppy being a symbol of remembering the fallen heroes of conflict, Fifa deemed it inappropriate on a football shirt – even though hundreds of thousands from both countries have perished side-by-side in battle.

Now Fifa has taken its tough stance even further with a retrospective £50,000 fine for England and Germany following events 102 years ago.

A Fifa spokesman said: "It has come to our attention that on Christmas Day in 1914 opposing allied and German troops on the front line put down their weapons, crossed into No Man's Land and enjoyed a game of football.

Kickabout: German and allied troops enjoyed a Xmas Day match in 1914 during an unofficial ceasefire

"This was not only an unsanctioned international match, but also it was clearly a politically motivated statement. This is simply not allowed, and such humanity and compassion goes against everything we stand for."

A spokesman for the English FA said: "The Christmas Truce match is one of those iconic moments in history, showing football can provide compassion and comradeship at a time when everything around it is going to hell.

A BEER WAVE OF 388,000 GALLONS (OR 1.4M L) FLOODED LONDON IN 1814 AFTER A HUGE VAT RUPTURED.

REHASHING THE BRIGHTON HASH 2000TH RUN

Saddlescombe Farm After much deliberating, given the historical significance of Beardsfield Nursery with the hash having enjoyed many great nights there, the decision was made to hold the 2000th run at St. Bernard's place, Saddlescombe Farm, and given the expected numbers and the size of the available area it was a good call.

Many arrived early to help set things up, decorate the hall, and prep food, while the main event was billed as a 6.30pm start for beer testing pre-run.

Inevitably that meant a few were there solely for that purpose, and there were also quite a few walkers as well as a huge pack of runners.

After a bit of pre-run catching up, as well as banging our shins on all manner of stuff between the car park and the hall, we were called to order at 19.38 and assured the run was a short flat one in typical Charlie style, before pulling out the crampons to scale the heights of Newtimber Hill.

The earlier rain during the day also added some excitement to the trail making for some very slippery accents and declines

The return route followed the South Downs Way to start with before dropping away on the lower path to find a great deal of merriment and scoffing already going on back at the farm. With beer and food set-up in one building, and hash history abounding in the other in the form of Spreadsheets photos, On Don's t-shirts, and various other paraphernalia, a very jolly evening ensued, despite Hash Gomi as usual pigging the veggie bangers leaving the true veggies nothing but couscous until the lovely Petra saved the day with a second batch.

There was much catching up or meeting up with long lost hashers, plenty of beer and an all new t-shirt by Pete Beard starring the i360 emblazoned with the words Circle Up, highly appropriate and amusing! All too soon it seemed for those of us who'd been on trail, people started making their excuses, causing a slightly rushed presentation by Local Knowledge awarding founder Rob Salton with a tankard and Just Julia her 500th, rescue dog St. Bernard standing in to take the latter's beer as she's teetotal.

Just a selection of some of those there! Sadly we weren't able to get a good group shot on top due to the weather

The sight of so many torches was impressive and a real distraction when gravity kicked in on the downhill section causing a few falls as it got steeper!

Co-hares Prince Crashpian and Mudlark were maligning the pack for getting it wrong but soon ushered us over the road and into the river.

More verbal abuse for the lightweights who didn't fall for St. Bernard's misdirections as we caught them back up for the climb up through the woods, although there were those who were sure it would be up the Cwm (namely One Erection, Bouncer and Keeps It Up), and had gone a fair way before being called back!

It's worth mentioning here that Santa (Louis for anyone who missed his naming, as he only comes once a year) was wearing the mankini, but outside his running gear!

The weather having cleared we were able to enjoy the views from the top, much as our fourfathers (well there were 4 out of the original 6 here tonight) did 2000 runs ago, as we headed for a photo opportunity with the walkers outside the pub. Unfortunately another non-photo because of weather.

Rob gave us an amusing account of some stories from the clubs ancient past recalling how the club was created as a result of a bet when he was running with Islamabad hash, and some of the characters from the early days who couldn't make it tonight. Other than those who sadly are no longer with us (RIP former stalwarts Ray Noakes, Mike Morris, Tim Carter, Sid Wells, Bunter, as well as a few others), apologies were received from a number of other people including Lin MacCallum-Stewart, Barfly Les Courtney, Liliana D' Angelo and Chris Dauncey (see over).

A very special mention must go to Sir MaliBog and Maricar (Red Horse known locally as Red Sausage) who made the trip over from Stockholm to join us having been running, more off than on, with BH7 since 1983; the four of the original six who were here tonight including joint masters and organisers Phil 'Chopper' Mutton, Pete 'Local Knowledge' Eastwood as well as founder Rob Salton and Roger; and special thanks to Charlie 'St. Bernard' Cain and Petra for accommodating the 100+ who made it.

Not just another great hash but also a great 2000th.....*Bouncer*

SAH3 RUN #747: THE JUMBO HASH

Many thanks again to the Hare for a delightful challenging run around and over all the various bridges of NORRTÄLJE. What a run!, held in some drizzling rain, which actually was not so wet. We ran everywhere, places I've never seen before.

Passed an old DC3 aircraft from many years ago. A new swim hall where all the youngsters therein cheered us on in our endeavours.

We eventually came inside for the warmth and comfort of the "Old Cottage". Special brewed beer was to be had. One just had to venture down in the old cellar and take your pick. Replenished with excellent beer or wine it was into the house for the promised tasty food. And oh my God! What tasty food, some Thailand Curry with rice and herbs! Succulent tasty, and most delicious.

By the way, we had a swim-stop.

Lots of forests or maybe woods. Slippery in places, so watch your step! BQ had friends from San Francisco, and one of them, "Roman Shower" I do believe her name was, got a little behind. I mean she was a bit after us! So I was pleased to assist and see her through the worst bits. Eventually we arrived at the "Old Cottage" and congregated under the summer tents. Many down downs were administered and songs sung.

PS. As I was in a hurry to get home, I flew back with Concorde instead of a B747. Luv ya all!

AMERICAN AIRLINES FLIGHT HM763

An American airline plane bound for New York was about to crash - there were 5 passengers aboard but only 4 parachutes.

The 1st passenger-Angelina Jolie said "I am a great Actress and said to be the most beautiful woman in the world!

So Americans don't want me to die" -so she took the first pack and jumped out of the plane.

The 2nd passenger-John McCain said - "I'm a Senator and a decorated war hero of the USA" and he grabbed the second pack and jumped out of the plane.

The 3rd passenger-Donald Trump said- "I am going to be the next President of the USA, I am the smartest man in our country and I will make America great again" and so he grabbed the pack next to him and jumped out.

The 4th passenger, Preacher, Billy Graham said to the 5th passenger, a ten year old schoolgirl -

'I have lived a full life and served my God the best I could - I will sacrifice my life and let you take the last parachute'

The little girl said - 'Thats O.K., Mr Graham - there's still a parachute left for you - the smartest man in America took my schoolbag !'

And of course our charming Marmite, accompanied by Silly Con Feet and Henrik Larsson - Shit! - I've forgotten his Hash name, bathed in the waters of Norrtälje.

All in all an excellent Hash be it number 8 or 9 in succession. Many thanks to BQ for his brave trail laying it in somewhat difficult conditions. But he did us proud with the food and drink. Thank you BQ for another delightful visit to the "Old Cottage". See you next year!.....*Sir Clever Dick*

BELLEVILLE , ONTARIO,CANADA. AIRCRAFT HITS FOUR BUILDINGS

This is tough to see. It just shows the real dangers of attending these events. Amazing photo below shows great detail.

The pilot flying at low level had lost all control over his aircraft.

It narrowly misses a crowd gathered for the air show and slams into four buildings.

One can only imagine the horror and terror of the occupants inside those buildings.

Fortunately, not a single person was killed.

But it probably scared the living shit out of them.
