Editor's Notes

Beware of the Ides of March was the soothsayer's warning to Julius Ceasar in 44 AD. If old Julius would have taken heed he might have headed out to celebrate the season at the Feast of Anna Perenna instead of meeting a bloody death at the hands of his friends in the Roman Senate.

The Ides and the entire month of March look much brighter if you are a hasher in the Indian subcontinent this month. Agra, the City of Love, will host a love fest in the shadow of the Taj Mahal for Indian Nash Hash. This notable event marks the Silver Jubilee of hashing in the Indian subcontinent.

Guangzhou is the venue for the 15th All China Nash Hash. According to questionable sources, the Chinese Navy has just finished building another island, so the Ballbuster Trail will actually start in the Philippines.

Speaking of the Philippines (and who doesn't these days), that venerable old Wild Wolf will host his 8th Annual "Last Hash Bash Ever-or at least until next year" in Puerto Galera. Those with physical challenges may need a team of nursemaids to tow them up some of PG's fabled peaks.

In defiance of Khmer Rouge dictates, Cambodia Nash Hash sticks a finger in the

HARRIER MAGAZINE EDITOR JIM EDENS

air to Pol Pot and Brother 69 as it invades Sihanoukville this month. An offshore cruise may be the last we see of this merry lot of mischief makers.

Meanwhile back in the Americas, the Orange County Hash House Harriers present the last hurrah for the Betty Ford Rehab XXX in Palm Springs, California. This event is renown for its hilarious Nut N Honey T-shirt designs - some of the most hilarious to ever grace the hash world.

You may be asking, "What became of my registration fees from Pan Africa Hash 2015 in Freetown?" when the country was put under quarantine due to the Ebola Pandemic. Read all about it and if you don't like it file an official complaint with the government. Lagos will host the next Pan Africa Hash, and organizers have gone on record to claim that the event will go on as planned regardless of plague, revolution, or even worse if Donald Trump is crowned king.

Enjoy the irreverent hash humor of the Stockholm Absolut Hash Trash, and Nut N Honey's Adventures of Hash Boy.

With scores of great events coming up in the months ahead, I hope to see you on trail in 2016.

On On,

Ebola put an end to the **Pan Africa Hash 2015** **in Freetown**

**Now, we answer the question
that is on everybody's minds...**

**What will we do with your
REGISTRATION FEE?**

CONTENTS

**To:
All Hashers Pre-Registered for the PAH Freetown 2015**

SURPRISE! SURPRISE! We are still alive and even better, we have been sitting on your registration money for the PAH Freetown 2015 ever since. We should have thrown a big party after Sierra Leone was declared Ebola-free on 9th November. Let us keep our fingers crossed and be vigilant that it stays that way! Meanwhile, hashing has resumed in Freetown after restrictions on movements in the country and in the City were lifted. So you are welcome anytime to join us!

As you know the Pan Africa Hash Freetown 2015 fell victim to the Ebola Pandemic in West Africa. The 2015 event was graciously taken over by the Nairobi HHH in Malindi, Kenya. Unfortunately, none of us from the Freetown HHH could participate and subsequently the PAH 2017 was given to the wankers from Lagos. Congratulations! I guess you Lagos drunkards have to come to Freetown to collect the PAH-banners we took along from Cape Coast in 2013. We will think of some sort of punishment for you for stealing the PAH 2017 from us!

HASHING IN
SIERRA LEONE

We did not throw the party after all but, instead, scratched our heads for the past couple of months to decide what to do with the booze. In fact, we have a total of US\$ 10,770 , GBP 350, EUR 380 and SLL 5,361,705 (appx. US\$ 900).

Finally, we came up with the following options:

Option 1: We keep the money safe and you can use it as registration fee for the PAH Freetown some year between 2017 and 2050. It will collect an interest of half a %/year! Good bargain!

Option 2: We refund the money to you. In that case, we will have to charge 10% for expenses already incurred for advertisement and lots of beers during our meetings. And, of course, you would have to cover the cost of the money transfer. You probably have to send more money first to cover the transfer charges. Up to you! And we have to drink more beers to bear the hassle.

Option 3: Donate your registration fee to a local charity/NGO. We have identified the following that we know are well-respected for their good work:

- a. The Rainy Season Orphanage. It is run by one of the hashers and is a serious outfit
- b. Street Child: A British charity working for – guess what? – street children. Three years ago they started the Makeni Marathon, which is regularly populated with FHHH.
- c. Don Bosco: Another charity working with street children in Freetown.

Option 4: our favourite one and, in fact, the only sensible choice for a hasher: Donate to the “Fund for Aging Freetown Hashers”. This money would be spent on beer by Freetown Hashers above the tender age of 60 at their discretion. Guests are welcome!

We are asking that you send us an email with your choice of option. If you could do it before 2017 (or better immediately) that would be much appreciated - especially if you go for Option 3 or 4, such that we can make the donations shortly.

HASHING IN
AFRICA

**A2H3 WELCOMES HASHERS
TO ETHIOPIA**

by Julia Stanton

Running at an altitude from 2,300 up to 3,000 metres the Addis Ababa Hash House Harriers (A2H3) based in Ethiopia's capital is the highest hash in Africa and one of the highest in the world but this does not stop between 60 - 80 people of all different ages and abilities (not everyone is a potential Ethiopian Olympic athlete) showing up every Saturday at the Hilton Hotel at 2pm. Those with cars offer lifts to those without and small minibuses transport the extras.

HASHING IN THE HILLS AROUND ADDIS ABABA

The city is located on a well-watered plateau surrounded by hills and mountains so hashers do not need to travel far to find suitable run sites set amongst lush green hillsides and gullies often providing panoramic views. In season, the fields are covered with beautiful yellow flowers. Trials vary in length but are typically around 5 - 10kms long and there is always a walk as well as a run to cater for hashers of all abilities. Drinks are available for sale afterwards and St Georges Beer, a local Ethiopian beer is available for sale afterwards and does sponsor special events. On Ons are normally held once back in the city and usually turn into a big dance party.

Hashing anywhere around the world is a great way to get in with the local people and culture. A2H3 is no exception. Founded in 1981, with 75% Ethiopian participation and a range of ages, it's good to see that hashing is definitely alive and thriving in Ethiopia. There's also a smaller Monday night hash known as the Howling Hyena Hash with trails set during the dry season on hills close to the city but the focus of this group is more on the drinking.

A2H3 meets every Saturday at 2pm in the car park of Hilton Hotel, Addis Ababa. Run fee is 60 Ethiopian birr (3 USD) for newcomers and 20 Ethiopian birr (1 USD) for regulars. Beers, water and soft drinks are not included and sold at the run site.

Great Ethiopian Mountain Challenge 6th - 8th May 2016

In terms of international hash events, A2H3 is famous for the annual Great Ethiopian mountain challenge which this year will be held from 6th - 8th May where international hashers travel to Addis to participate in a weekend of hashing up mountains, running around lakes and of course plenty of beer drinking, eating and partying.

The price for international hashers is \$350 which includes 2 nights in hotel in Addis Ababa, 1 night in a resort hotel by a lake based on twin share (single room extra), meals on Sat and Sun, beer, local transport including airport pickup, t-shirt and goody bag. Please contact Bob Ransom (Slave Trader) for further information and registration - ransom.bob@gmail.com

Pan Africa Hash 26th - 28th May 2017 Lagos Nigeria

Registration is now open for the next Pan Africa Hash to be held from 26th - 28th May 2017 in Lagos, Nigeria. The organisers are claiming it to be the best hash event you have ever attended with loads of beer, fun and beautiful people. Registration is currently 100 USD for the first 100 people. Guangzhou All-China Nash Hash

by Three Inches of Pain &
The GZH3 Mismanagement

April will bring the 15th All-China Nash Hash to Guangzhou, where the Guangzhou Hash has been working long and hard (sounds like...) to bring you China's best hashing weekend of 2016. Hashers from around China and throughout the world will descend upon Southern China's largest city, which features the sharp contrasts between ancient and modern; urban and natural; and heavy fitness and devoted drinking.

This year's ACNH features a 5-day schedule book-ended by special events on Thursday and Monday. Here's a look at the schedule of events:

Thursday, March 31 - Prelube City Run

Two trail options lead you through part of "older" Guangzhou and through some of the city's landmark parks and points of interest before circling and bashing near the GZH3's Mango Bar.

Friday, April 1 - Half Moon City Run

Two trails through a combination of Guangzhou's modern business district and some of its seedier, hasher-friendly areas. Circle, bash and beer near the Mango Bar, with optional bar crawl after the bash.

Saturday, April 2 - Main Event

Four trail options through the rough and rugged Guangdong countryside, featuring a 23k Ballbuster trail that will have you searching the previous evening's red light districts in search of a massage. Circle and bash to follow, bus back to Mango Bar, and more general debauchery in the city.

Sunday, April 3 - Hangover Hash

Another gorgeous run through the countryside, only a bit shorter to accommodate the pounding headache you'll be looking to overcome. Again, circle and bash to follow, but an earlier bus back to the city is available for those needing to catch a flight/train.

Monday, April 4 - Rusty Man Challenge (Qing Ming Holiday)

Hosted by Haggis of the Royal South Side Hash of Hong Kong, this annual competition combines your eating, drinking, and running abilities in a tour de force of consumption. Eat a full English breakfast and then down a beer for every kilometer of the 5k run, finishing with a couple tricks at the end. Not for the faint of heart...

CONTENTS

The top-notch haberdash has been ordered, the trails are mapped, and the beer has been delivered...although it looks like the mismanagement may have drank enough of it to necessitate a second order closer to the date. The only remaining thing to do is scrawl your hash name upon our registration page so that we can get you reserved and order your customized haberdash.

Run fees for Friday - Sunday are 880RMB, with the Thursday Prelube costing an additional 80RMB and Monday's Rusty Man costing an extra 220RMB.

For any more information or to register, email the GZH3 mismanagement at gzhash@gmail.com or visit their website at <http://www.gzh3.net>.

On On! Looking forward to welcoming you with delicious trails and demanding beer in March/April!

Note At press time, the Chinese Navy just finished building another island, and the Ballbuster trail is being redesigned to start in the Philippines.*

Hashing the

Ex-Headhunters Trails of Borneo

by IH 2018 Bidding Committee

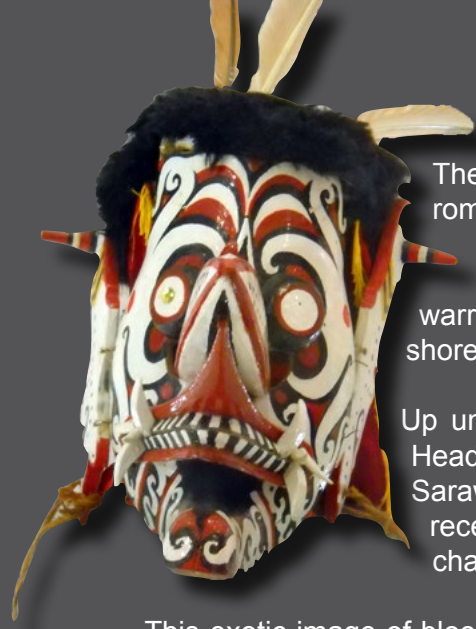

HASHING IN
BORNEO

CONTENTS

From hard-core to newbie Hashers, adventure-seekers the world over will never forget the mysterious Hash trails of the steaming Sarawak, Borneo jungle, where fierce headhunters once roamed hundreds of years ago on the world's third largest island.

When speaking of Borneo, the first ideas that spring to mind are the long houses, ancient rainforests, magnificent culture and adventure, and of course headhunters.

INTERHASH 2018 BID

The story of the Dayak headhunters has been romanticized since the mid-1800s, when the swashbuckling White Rajah James Brookes declared a bid for total dominion over the warring tribes of Sarawak, bringing peace to its shores for the first time.

Up until the 80's, the terrifying bogeyman of the Headhunter was still the tourism mascot that put Sarawak on the world map. I am glad that in more recent years, the authorities felt it appropriate to change this image to the 'Land of the Hornbills'.

This exotic image of bloodthirsty savages has stuck nearly 160 years after the last bastion of the headhunters was razed to the ground and the practice of headhunting officially outlawed. Today, Sarawak is an emerging metropolitan where old world meets new.

CONTENTS

A Trail You Have Been Waiting For Your Whole Life Jungle Adventure meets Hash

The trails in Borneo are astounding. They cover the original routes of the headhunters, before the advent of the present-day roads and bridges. You will come across a myriad of villages belonging to local ethnic groups, and a sample of some of the most breath taking mountain views in Asia. Besides the views, the trail will lead you through energy sapping, unforgiving terrain crisscrossing hills and plains and crossing a couple of rivers via the efficiently designed bamboo bridges spanning 60 to 70 meters across. In some areas, you get to cross the river on a suspension bridge. It may sound unfathomable but I assure you all routes are well designed for all to have fun. All you need to do is choose the trail that suits your liking and abilities.

The trail choices are as diverse as the sea and the desert. They range from steep green covered mountain slopes (where you can slog your way through), to the more leisurely well-defined trails crisscrossing orchards interspace by secondary or primary jungle and following sparkling clear freshwater streams depending on the weather. Very often the trail will transverse through the territory of the indigenous villagers, where bamboo bridges are a common sight. You may still be able to run across the river using the bamboo bridges, thanks to the engineering skill of the traditional bridge builders who have passed down their skills from generation to generation, though I have to admit it is a dying tradition with the advent of new roads. Sadly this beautiful sight will soon be seen only on post cards, so it is best to grab the opportunity to see it now while you still can.

The Where, What, & Who of Borneo

Borneo, the world's third largest Island, is partly owned by three different nations: Malaysia, Indonesia and the Sultanate of Brunei and there lies Sarawak, Malaysia's biggest state.

Sarawak's land area of 124,450 sq. km makes it almost as large as Peninsular Malaysia, Greece or England and slightly larger than North Korea or New Mexico.

The population of Sarawak is comprises anywhere between 27 and 40 ethnic and sub-ethnic groups, the largest being the Iban, together with the Bidayuh; who are collectively identified as Dayaks. The Chinese and Malays reside in the town and coastal areas. Another group is the Orang Ulu ethnic tribes. Practitioners of Headhunting in the past, the Dayak and Orang Ulu communities typically reside in the interior regions of the State.

Kuching (a Malay word for cat, therefore the capital city is literally a "Cat City") the capital city of Sarawak, gives off a feeling that it is a multi-cultural place with a huge retro feel. True to its name, Kuching boasts a fine Cat Museum, perhaps the only one of its kind in the region. Speaking of museums, the Sarawak Museum is reputed to have one of the finest collection of exhibits and artifacts that are world renowned, while the Islamic Museum is located a short walk away.

The other retro icons are The Square tower at the Kuching Waterfront, one of many fortifications built by James Brooke and Fort Margherita, named after the second White Rajah Charles Brooke's wife. Fort Margherita has since been converted into a police Museum where you can still see skulls, relics of the Headhunting days. An old Chinese temple also stands at the waterfront of Kuching. Sarawak has a sizeable Chinese population, the earliest being the Hakka Chinese goldminers who arrived in Sarawak in the early 1800s.

With all this history, you can by now imagine how blazing through old Headhunters trails would be a huge adventure for Hashers who dare to try out Kuching.

If you have travelled around much of the world of Hashing, you know that Kuching rocks, and must never be missed by those who love a zesty, fearless life. The **Kuching City Hashers (KCH)** welcome everyone from around the globe. Kuching City Hashers, along with Sarawak Convention Bureau - which represents the expertise of the Sarawak's State Government) is bidding to host the **Inter Hash 2018**.

The Kuching City Hashers (KCH) is a ramshackle collection of mainly local residents from all walks of life; successful businessmen, artisans, mechanics, retired civil servants, corporate executives, avid drinkers and gamblers, millionaires and the travelling expatriate. All members share an adventurous spirit of liberation.

Kuching City Hashers started 21 years ago in 1985 and has clocked up vast experience in organizing Hash Runs. KCH successfully organized the **2005 Nash Hash** for 2,000 hashers and more recently the **25th Anniversary Run** in 2014, which was attended by over 1,000 hashers not only from Malaysia but neighboring countries such as Indonesia, Brunei, Singapore and Thailand.

Sarawak is blessed with some of the most scenic and picturesque hashing countryside in the Asia Pacific region. Besides the scenic beauty of its thousands of species of Flora and Fauna, Sarawak is also known for its melting pot of various ethnic cultures. The city offers much variety in entertainment outlets and accommodations; from 5 star luxury hotels to "cheap and chic" budget motels. The street food is fabulously tasty and cheap – less than USD1 per serving - and maintains a very high standard of cleanliness. Kuching City itself is well known for its cleanliness – which has been recognized twice by the United Nations - and was recently conferred the title of "City of Unity" by the Malaysian Government. It is easy to get carried away by the food and the tendency to over eat is always a possibility if one is consciously watching their

diet, but not to worry, you have plenty of opportunities to burn away the excess calories with the runs that will be organized by Kuching City Hashers. (Just like the food, the hashes are really difficult to resist.)

There are plenty of cheap beers ranging from famous local brands, Tiger beer to that of exotic imported brands, so much so that a European friend of mine lamented to me that it would be crazy not to drink to your heart's content while you are in Kuching. The people are so friendly that soon after the conversation has begun, it feels like the whole group are old friends.

Conversations with the locals are made easy due to the fact that English is widely spoken. In terms of connectivity, Kuching International Airport serves Malaysia Airlines, Air Asia, Malindo Air, Rayani Air, Mas Wings and a host of other airlines making it one of the busiest airport in Malaysia.

Hashing on the land where Headhunters once roamed will be unforgettably exciting. Mixing history and culture with the socially inclined hasher, fueled with plenty of beers brewed in the pristine jungle of Sarawak, and spiced up by the unique ambience of Kuching city, Hashing in Kuching promises an unforgettable experience of a lifetime. The capable management team of KCH will assure a better hashing time.

Inter Mekong Hash 2016 UPDATE

I am getting a lot of mails, calls, messages and bricks with little pieces of paper thrown through my window enquiring whether the IMH 2016 is still on. Rest assured: it is.

I'm currently trying to get the website organized and have just seen the first draft. Hopefully, some progress will be made once the long Chinese New Year holiday is over.

The Hash Hotel has been chosen and I am currently sourcing hotels in different prize categories, from 5-star all the way to some newspaper under the bridge.

The gala dinner venue has been chosen and we have the buses sorted. The latter is probably one of the more important items as buses, unlike hotel rooms, are in pretty short supply.

The organizing committee has been press-ganged and we have a pretty good idea of where we will set the various runs.

Fret not, everything is on track and we do hope to open registration in the very near future.

KOREA

- A REFRESHING HASHING EXPERIENCE

Hanyang Hash House Harriers & Harriettes (H5) of Korea is proud to offer itself as host of Pan Asia Hash 2017. The fact that there has never been any large scale hashing event in Korea means that, for most of the prospective participants, this Pan Asia will be a very refreshing hashing experience indeed.

We specifically chose Sokcho City as the event venue: on the fringe of this city is the world-renowned Seorak Mountain National Park which, for many Korean soap opera aficionados, has often been the surreal backdrop. The proposed dates are similarly selected, for late October ushers in the most spectacular autumnal colours,

best highlighted by the rainbow hues of the maples.

Participants will get to savour the K-food phenomenon that has been taking the gastronomic world literally by storm. Be enamored by the extensive spread of Korean delights - the quintessential Ginseng Chicken Soup; the omnipresent mouth-watering beef, lamb, and pork barbecues; the huge varieties of fresh – and often live - seafood eaten either raw/sashimi-style, or prepared in dozens of off-secret recipes unbeknownst to other parts of the world. All these, and more, washed down with world famous brands of beers, or with the uniquely Korean soju and makgoeli.

The time is ripe for a refreshing change of scenery, of style, of food and beverage, and of a completely new hashing experience. We are a new troupe of organizers, backed by the provincial government, and supported by experience from the Motherland of hashing.

Give your affirmation for a refreshing change!

KOREA - THE VENUE OF CHOICE

- **ACCESSIBLE** – round trip as low as USD200-250 from most SE Asian cities
- **AFFORDABLE** – conveniently located rooms could be had for as little as USD35-40
- **ASTHETIC** – be enchanted by autumn at its full fall colours
- **VIRGINAL** – hash in assuredly hitherto never-before-hashed territory
- **GOVERNMENT-BACKED** – the provincial government is enthusiastically supportive
- **GASTRONOMIC** – pamper your sensory glands with inimitable K-flavours
- **INTOXICATING** – infuse yourself with the full range of uniquely Korean beverages
- **COMFORTABLE** – experience hashing in low-humidity at temperatures in the mid-teens
- **ENTERTAINING** - revel in live K-pop performances and cultural shows
- **PERFECTION** – enjoy the Koreans' relentless strive for perfection!

DELI HASH MEDAN FOR INTERHASH 2018 IN MEDAN!

We have been hashing in Medan since 1973, over 40 years. We have hosted the Pan Indonesia and Pan Asia Hash events. There are more than 10 active hash chapters in Medan.

We have the experience, the manpower and the enthusiasm to host Interhash in 2018.

While we may be able to host the event, why should you want to come to Medan?

The countryside around Medan will enable us to give you outstanding hash trails. From flatter running in palm oil and rubber plantations and lowland forests, to hillier running in the foothills and peaks of the Bukit Barisan mountain range. Numerous clean rivers and streams mean that there will be ample opportunity for cooling off during your run and the generally wooded areas will provide shade while you are running.

No hash event is complete without beer, and we have Indonesian beers which are as good as any in the world. Anker, Bintang and Bali Hai are the beers that the various hash chapters drink but international brands such as Heineken and Carlsberg are readily available.

Medan is known as the "food capital" of Indonesia. It rivals Penang in Malaysia in that area. Indonesia, Indian, Chinese, Thai, etc., etc. You name it and you will be able to get it in Medan. If you're a steak or fish and chips man don't worry, they are also on the menu in Medan.

Interhash means party, party, party! But you do have to sleep sometime. When you do you can do that in accommodation to suit your budget, from 5 star International Hotels down to simply but clean budget hotels. Medan has them all and at prices that will leave you with more than enough rupiah to party, party, party!

All good things must come to an end but when Interhash is over there will still be plenty to do and see using Medan as your starting point. Lake Toba is a five hour drive from Medan and this huge volcanic lake is Sumatra's tourist jewel. At an elevation of 900 metres the climate is pleasantly warm and the lake itself rivals the beauty of the Swiss alpine lakes.

The Leuser National park is the largest area of virgin rain forest in Asia and a two hour drive from Medan will take you to Bukit Lawang, a tourist resort on the edge of the forest. Here you can trek in the jungle and more often than not see the Orang Utan which have been released back into the wild in this area. Go a little further north to Tangkahan and you can do your trekking on the back of an elephant.

Further afield Pulau Weh off the North Coast of Aceh is a divers paradise and Bukit Tinggi and Padang in West Sumatra are both popular tourist destinations.

Kuala Namu is Medan's new international airport. There are direct flights to Bangkok, Jakarta, Kuala Lumpur and Singapore, all international hub airports. Both major carriers and budget airlines fly into Kuala Namu. A dedicated rail link will get you into Medan in 40 minutes. Buses and taxis take about an hour at present but the toll road scheduled for completion in 2017 will cut the journey time to 30 minutes.

So vote for Interhash 2018 Medan, the home to the best hashing country in the world. There will be hilly runs, flat runs, runs across rivers, and runs through the jungle. We will give you ball breaker runs, easy runs, in fact whatever type of run you want, we will have it!!

And of course we will have beer, beer and more beer and it will be party, party, party then more party!

4 MILES FROM THE START/FINISH OF THE
VOLCANO RAIN FOREST RUNS IN VOLCANO VILLAGE
ON THE BIG ISLAND OF HAWAII.

Feel the power of the Big Island of Hawaii on
August 20, 2016 while running on one of the
world's most active volcanoes, Kilauea.

The Volcano Rain Forest Runs are held at cool elevation of 4,000 feet in the quaint village of Volcano just outside of Hawaii Volcanoes National Park. There are three runs - half marathon, 10K and 5K. All courses traverse the village roads in the lush native rain forest while the half marathon continues into the majestic ranchlands with stunning views of the 14,000 foot volcanoes, Mauna Loa and Mauna Kea. All pure inspiration for the soul. The events are open to runners and walkers of all ages and abilities, participating for health, enjoyment and excitement. Start/Finish is at Cooper Center on Wright Road in Volcano Village.

Volcano Village is located 30 miles from the Hilo Airport and 104 miles from the Kona Airport. There are many B&B's to choose from in the Volcano area. Check out our website for more details.

The Big Island is called the Big Island for many reasons, but mainly its size. All the other Hawaiian islands easily would fit on the Big Island with room for more.

There is so much to see and do on this magical island. From the snow-slopes of Mauna Kea to the snow-white beaches of the Kona Coast, the Big Island of Hawaii is one of the few places on earth where you can go from alpine snowboarding to warm tropical beaches in the same day. Between these two altitude extremes you will find virtually every type of

outdoor activity imaginable including: swimming in warm thermal ponds, snorkeling/SCUBA, watching sea turtles at Punaluu Black Sand Beach, surfing, hiking, zip lining, and four National Parks to visit, with so much more that awaits you.

Not to mention, the spectacular night viewing of the Halemaumau glow in Hawaii Volcanoes National Park on the summit of Kilauea. Located only 3 miles from Volcano Village where the race is run.

In addition to the Volcano Rain Forest Runs on August 20, 2016, there are two other major running events on the Big Island. On June 26, 2016 on the Kona side of the Island is the Kona Marathon Events with the Start/Finish with all four races - marathon, half marathon, quarter marathon and 5K held at the Waikoloa Beach Resort (www.konamarathon.com). On March 20, 2016 on the Hilo side of the island is the Big Island International Marathon with the Start/Finish for all three of the races - marathon, half marathon and 5K at Hilo Bay Front (www.hilomarathon.org).

WE CELEBRATE THE YEAR OF THE MONKEY

NIGHT OF DRINKING

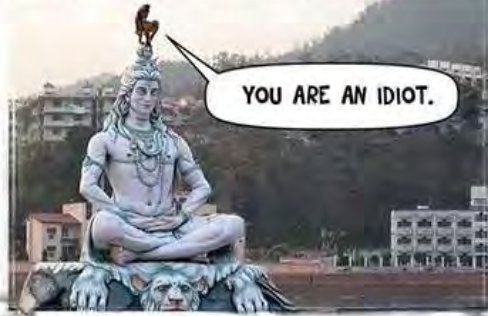

A man and his pet monkey walk into a bar. It's about 5pm, but they're ready for a good night of drinking. They start off slowly, watching TV, drinking beer, eating peanuts. As the night goes on they move to mixed drinks, and then shooters, one after the other. Finally, the bartender says: "Last call." So, the man says, "One more for me... and one more for my monkey." The bartender sets them up and they shoot them back. Suddenly, the monkey falls over dead. The man throws some money on the bar, puts on his coat and starts to leave. The bartender, yells: "Hey buddy, you can't just leave that lyin' there."

To which the man replies: "That's not a lion, that's a monkey."

Meanwhile a man in a movie theater notices what looks like a monkey sitting next to him. "Are you a monkey?" asked the man, surprised. "Yes." "What are you doing at the movies?" The monkey replied, "Well, I liked the book."

MONKEY AROUND

HUNGRY MONKEY

A guy walks into a bar with his pet monkey. He orders a drink and while he's drinking it the monkey jumps around all over the place. The monkey grabs some olives off the bar and eats them, then grabs some sliced limes and eats them, then jumps up on the pool table, grabs the cue ball, sticks it in his mouth and swallows it whole.

The bartender screams at the guy, "Did you see what your monkey just did?"

The guy says, "No, what?"

"He just ate the cue ball off my pool table, whole!", says the bartender.

"Yeah, that doesn't surprise me," replied the patron. "He eats everything in sight, the little bastard. I'll pay for the cue ball and stuff." He finishes his drink, pays his bill, and leaves. Two weeks later he's in the bar again, and he has his monkey with him. He orders a drink and the monkey starts running around the bar again. While the man is drinking his drink, the monkey finds a maraschino cherry on the bar. He grabs it, sticks it up his butt, pulls it out, and eats it.

The bartender is disgusted. "Did you see what your monkey did now?", he asks.

"Now what?", responds the patron.

"Well, he stuck a maraschino cherry up his butt, then pulled it out and ate it!" says the barkeeper.

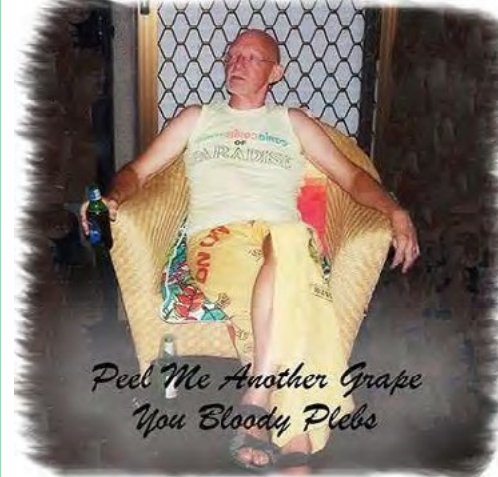

"Yeah, that doesn't surprise me," replied the patron. "He still eats everything in sight, but ever since he ate that damn cue ball he measures everything first!"

TURN OF THE COLD TURN ON THE HOT

Having recently concluded two runs with the Stockholm Hash at 15 degrees below zero it was a welcome change to once again connect with the Sunshine Coast Hash on one of their bush runs at a mere 30 degrees plus. A small but noticeable change of 45 degrees.

With me this year was my lovely daughter, Pink Pony on her first visit to the Sub-continent and her first venture out into the rugged Queensland Bush.

LORD MALIBOG OF MOOLOOLABAR

Lord MaliBog of Queensland drove us south to the start where we were introduced to the high-fliers of the SC Hash. It did not take long however to meet up with another long-time resident of Oz out for a leisurely slither on the trail. A swift meeting was held and we decided we should go our way, which simply meant, anyway the snake was not going.

A more than a fair assumption when it comes to snakes in this far off land.

To me all snakes are venomous until proven otherwise, as all mushroom are poisonous until proven otherwise.

The rest of the run led down towards a creek, where I led Pinky on a short cut on the motorway bridge instead of through the muddy waters.

Followed by a well waited drinks stop it was then a couple of kilometres back to the start with beers and ciders, good veggies sarnies and that stuff Australians call sausages.

LATEST BREAKTHROUGH

The New Two in One BBQ and Cooler combo Only in Queensland on the SCH3

Darkness had descended and the circle was held under torch light where meself and Pink Pony were given out welcome down-downs.

Watched over by the Hash Hobbits and the rest of the pack

A most welcome return to SCH3 and the chance of running good countryside bush trails instead of the many boring town trails on

the Stockholm Hash. True hashing in other words but I could do without the snakes.

And so concludes another great Hash Run, stick a roady in your bag and head for home.....Sir MaliBog

THE LINGERIE RUN of THE DECK OF CADS RUN

R1869 (THAT SOUNDS DIRTY – 1869 –GET IT – 18 & SOIXANTE NEUF)

Hares: Midget Mauler, Stripper & the Ghost of BloJo. Date : 15 Feb 2016 -Site: 27 Hilltop Rd, Maroochydore

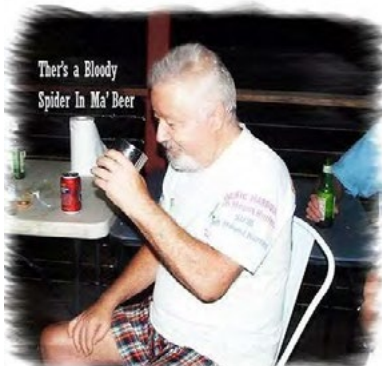

Things looked pretty grim on Monday as I peered gingerly through the bedroom curtains and through eyes that looked like road maps printed in Pinot Noir (which they were) at the low and leaden skies above. I spent the morning watching excerpts from CNN U.S. electoral candidate debates featuring Shillary Glintin', Kernel Sanders, T.Ronald Dump, Dead Snooze and Rubrico Cubio, and trying to read SMSes from my 90-plus-year-old Dad sending us his favourite recipe using predictive text (not deliberately, probably, I hope) bless his furry pink slippers: "Pour 4 pints of hot custard over pre-warmed guests using the electrician and adding sprigs of bread and some food" or words to that effect. Why did I get him that phone? He's on female hormone treatment for prostate cancer or was it ovarian cancer hence the fetish with recipes. Sunshine Coast Hash presented themselves in their bedtime sleepwear splendour. Apparently we all sleep in our running gear except Bigsyy who loves a red bra, Malibog who prefers a sarong (What's a wrong. Nothing's a wrong, what's a wrong with you.), Stripper who loves sleeping in her gym gear, Dragon Lady in multi layered very proper unmentionables and Wrongway who somniloquys in torn red dresses.

About 30 runners / walkers fronted up including Stripper's brother who was so ashamed of his sibling he hid all night. Midget Mauler announced that runners are on chalk and flour, and there will be rum at the piss stop. Walkers were advised to walk to the jetty, which one? Here the normally serene MM became confused and gave directions varying from the jetty at Duporth Tavern to Fisherman's wharf but finally settled on the jetty near Uppy's place – The Cod Hole. Don't know where the runners went and don't care, but hope they had a good time. Us walkers with the barest amount of frustration and spent expletives just strolled down past the local poo plant across the sports complex to admire the netball girls in their short dresses and on to the piss stop where the inconsiderate runners had pinched all the rum. But never mind plenty of coke and ice. Don't know why the anti drug school is against coke and ice but I've been using for years with no bad side effects.

Back home the same way. Wrongway challenged Kermit to a race home and Wrongway won but Kermit claimed he stopped for a shower and clean up. Yeah Right.

This was an incredibly scenic, picturesque and bucolic outing that featured just about everything a great Hash in Maroochydore has to offer: Other-worldly sized suburban residential zones at every turn, generously proportioned fields of red clay tiled roofs not to mention the aromatic delights of the poo plant and the beautifully tanned long legs of the under aged netball girls with their perky breast bouncing as they jostle for balls and position. At one point I was stopped dead in my tracks at the dazzling prospect of a regimented row of retirement cottages in matching paint and roadside setback with matching

aluminium frame windows and front doors stretching to the horizon. The circle was a hoot from the start. Grand Master and RA were both present and runners were well primed with rum. The brand new refurbished deck upon which we were camped, while being a brilliant idea for probable downpours boasted furniture and therefore somewhere for old worn out daggy bum hashers to plant their tired arses, which led to a completely separate and fractured socializing area from the laboriously constructed circle. Add to this the incredible din reflected and amplified by the insulated ceiling and it was like conducting a Papal Address during a World Pro-Wrestling Match, an Audience with the Dalai Lama at the Annual Northern Territory Wharfie's and Truckie's Picnic, you get the picture. In turn Kermit and Uppy labored mightily to keep things afloat but the answer, my friend, was a great circle. Two visitors, Toni and Kay or Fay or was it Merle, both workmates of strippers. About 6 returning hashers including RudePrick or was he a visitor. One sad sick joke about #ucking ears that has now gone viral on MixFM or maybe it was on before. Shafta was charged as a BloJo proxy with failing to show up or do co-hare duties The booze nazi's were gesticulating for us to drink up and leave, so like a man parting with a sole remaining kidney, I grabbed a six pack for the road, splashed the remains of my beer on the deck and absquatulated (look it up) next to the car.....Wong Way

RUN # 1870 - DATE: 22/02/2016 SITE: MUDJIMBA BEACH, BBQ - HARE: UP CHUCK

Runners sent off anti clockwise on a 5.4km jog through the traditional path to the streets of Munjimba. If Stripper or Blo Jo had been there to write this report then we would have record of how the walkers got to the Piss Stop opposite the entrance to Novotel. If Midget Mauler had shown some dedication he may have put pen to paper so to speak and composed/organised a briefing for us as was instructed by our once again departing GM. After the usual lies about the run, there being no snakes or jumping bears, very dry and no shiggy we were orf... The pack certainly spread out along the mossie infested river and drain channel to Beach Rd and it was getting darkish when the last runners ambled into the Piss Stop. The unadventurous wandered back home along the Esplanade bike path whilst the true believers got a taste of what is to come over the next few months as the days get shorter staggering home through the dark timber of a Conservation Park.

Big sign telling everyone, including Hasher to NOT wander of the trail because of the snakes and other nasties.

THE CIRCLE

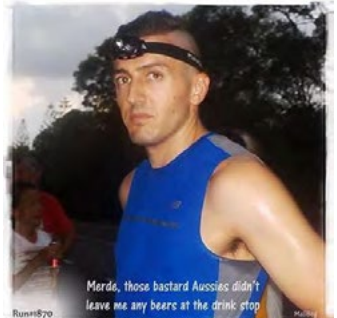

After Up Chuck achieved his aloan effort of stewing the snags on two of those luke warm bastard council type BBQ stands. The hungry hounds devoured a quirky selection of bread holding pineapple slices, beetroot, tomatoe and lettuce we rendered a very heart warming rendition of ' Fak off ya kn't, Fak off ya kn't' for the predictable run, the predictable nosh, his predictable sausages and ham followed by his predictable departure to the Philippines!

Unfortunately our GM then decided to stand down Kurmit from duties and proceeded to Chair the Circle. Shaggis was appointed acting booze for the occasion but with no Kun-tups, initially no Charges and no Snake bites he must have thought here's an easy night. Visiting Hashes Goldfish and Snot ensured Shaggis volunteering was not put to some use. Returnees - Pullit, Smoko, Abyss, Felcher, Phyllis, Erection, Dribbles, Tis Not. Alas some late Charges- Skunk forgetting he had a free-bee paid \$15; Malibog racing on the way home; Sir Malibog, mischarged Tooley claiming his Run Tally is listed as 10 instead of

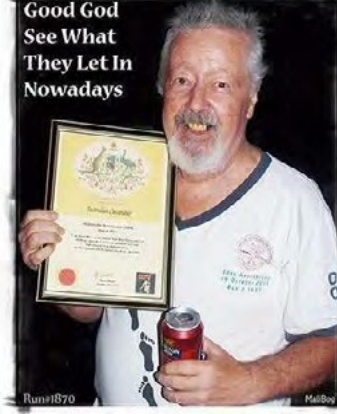

2, is not Financial and charge was frivolous so had charge reversed;

Ofter, Corkarse and Shafter inappropriately dressed as they were all still wearing their PJs from last week's Valentine's Run as they only put on clean shorts once a month. Jokes (surprisingly) from Smoko, Erection & Wrong Way. Snot also dribbled?

The highlight of the evening was Up

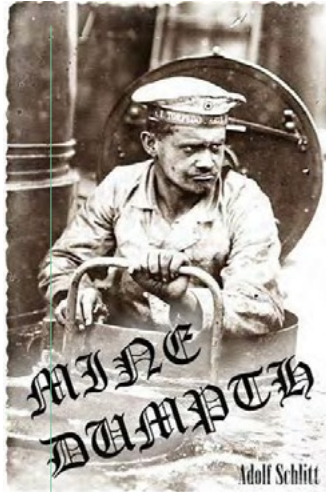

Chuck presenting Shafter with this endearing SCH3 Australian Citizenship Certificate after living here for 30yrs. Having previously endured a simple procedure to remove half his brain which will be stored in a bonded warehouse at Brisbane Airport and returned when he leaves Australia.....

U-1206

THE ONLY SUB TO BE SUNK BY A DUMP ON THE TOILET

The U-1206 was commissioned on March 16, 1944 and a type 7C U-boat. This type U-Boat was equipped with a new type of toilet designed to allow the submarine to dive deeper and avoid Allied attack. It was a very complicated high pressure valve system which required special training to use them. After Captain Karl-Adolf Schlitt (rymnes with Schitt) and the crew received its assignment they trained with the u-boat for the rest of 1944. In early 1945 they were sent on training patrols in the North Sea after which they were finally ready for the real thing. Their first and only patrol started on April 6th 1945 and lasted only 8 days, they left from Kristiansand, Norway heading towards the British Islands in search of Allied shipping. All went well until on April 14th 1945 a crew member, reportedly the captain, used the head (toilet) and had trouble operating it. An Engineer was called to help and he opened the wrong valve.

Three crew members drowned when the u-boat went down, 37 crew members were rescued and entered captivity. Soon to be followed by their colleagues as by then World War 2 was nearly over. The wreck lay undiscovered until the 1970s when it was rediscovered when a pipeline was build. Seventy years later Angele Merkel, a former member of the 'Free German Youth' one of those lovable institutions of the defunct DDR, has managed to repeat this magnificent feat by pulling the chain on Germany leaving the whole

country in Das Deep Schitt. They never seem to learn by their mistakes these enchanting Germans.

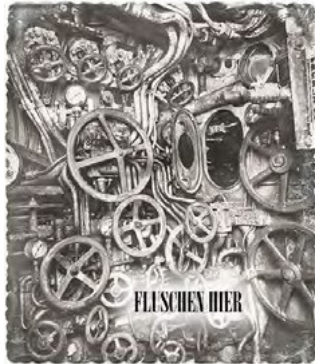

"Merkel's progress in the compulsory Marxism-Leninism course was graded only genügend (sufficient, passing grade or dumb arse shit) in 1983 and 1986.

Later, at the Academy of Sciences, Merkel became a member of the FDJ district board and secretary for "Agitprop" (Agitation and Propaganda).

Merkel claimed that she was secretary for culture. When Merkel's one-time FDJ district chairman contradicted her, she insisted that: "According to my memory, I was secretary for culture. But what do I know? I believe I won't know anything when I'm 80.

Well she is 62 this year and recent events show she knows fuck all now, so she's well ahead of her time.

She has also been compared with Marge Thatcher but a Iron Lady she is not, Thatcher was a tool for the rich but give her due, she was anything but PC and would never allowed the UK and rest of Europe to wallow in this mess.

This caused water to enter the submarine which flooded the forward compartments and then the batteries. That in turn caused highly poisonous chlorine gas to form in the u-boat leaving Captain Schlitt (Schitt) with no other option than to surface the ship. Unfortunately for the Germans, they were very close the the Scottish coast and quickly spotted. The crew was frantically blowing clean air into their U-Boat when they were spotted by Allied aircraft. Being unable to enter the U-Boat and dive because of the Chlorine gas the Captain Schlitt decided to let the U-Boat sink. This ended his first and only combat command.

The BOTTLE of BRITAIN

"The Inferior Sex"

Does that mean
YOU?

Since there are but two sexes this title must apply to either men or women and surely men are not lacking in gallantry to the extent that they would claim to be the superior sex. No, this point must be accepted as definitely settled by this toast to woman.

"God's first thought was man.
God's second thought was woman.
As second thoughts are best—

HERE'S TO WOMAN!"

Think it over and pledge her health—her long happy and glorious reign in that mild, wholesome and superior beverage.

You try this fine beer. There is no better brewed.

At all dealers.

Free deliveries to all parts of the city.
