**ANGELES CITY
CRAFT BEER FESTIVAL**

DEC. 2 - 4, 2016

MARQUEEMALL

**AN EVENT THAT WILL CHANGE
THE FACE OF BEER DRINKING
IN ANGELES CITY FOREVER**

**15 MICRO-BREWERIES OFFERING
FESTIVAL GOERS OVER 100 VARIETIES
OF BEER TO TASTE AND ENJOY.**

By Mike Queensway

Angeles City has always been a beer drinking kind of town but to be honest, the offerings for variety and quality in beer, like in the rest of the Philippines, have been limited to say the least.

That is all about to change for Angelenos and visitors in a big way as the city will play host to one of the most unique festivals to ever come to this region; the 1st Annual Angeles City Craft Beer Festival, which will take place at Marquee Park at Marquee Mall December 2-4.

For those unfamiliar with the term, craft beer refers to beer that is made by a brewery that is small, independent and that uses traditional methods of brewing. Craft beers are made by hand with no preservatives or chemicals and come in literally endless varieties with varying tastes and alcohol content.

Craft beer has literally exploded in popularity in most parts of the world over the last decade and has, in the last three years, started to take hold in the Philippines. Several dozen micro-breweries have sprung up throughout the country, including one here in Angeles City, to service a fast growing demand for better quality beer. And these breweries are starting to consistently deliver some very good world class beers, from ales to lagers to the always popular IPA's.

The 1st Annual Angeles City Craft Beer Festival will give beer lovers the opportunity to taste and enjoy a large number of the latest Philippine-based craft beers in one place at one time. Organizers are planning on having around 15 micro-breweries on hand offering festival goers over 100 varieties of beer to taste and enjoy.

At the same time, festival goers will have the opportunity to enjoy their craft beers with a selection of gourmet international and local food provided by celebrity chefs and unique local food outlets, live jazz music, educational beer seminars and more.

The Angeles City Craft Beer Festival is the idea of American Ted Lerner, a long time resident of Angeles City, whose company TLC Promotions will be organizing the event. Lerner came up with the idea for a craft beer festival after tasting some local craft beers.

“Pinatubo Craft beer is the first micro-brewery in the Angeles area and I credit them with getting this idea going in my head. When I tasted their beer I said this kind of thing is the future of beer in this country.

“I absolutely love beer but for years I’ve been terminally bored with drinking beer in the Philippines because of the sheer lack of variety. But this has all started to change as the craft beer revolution which has swept the world has started to kick in here. There are small breweries popping up in every part of the Philippines and these folks are producing some quality beers. I’ve had the chance to taste a lot of them in the last few months while putting this festival together and I get more impressed each and every day.”

Lerner said what most impresses him about craft beer is the effort and creativity that goes into making this level of quality of man's favorite beverage. And also, he says, drinking craft beer always means a good time will be had by all, especially in a party and entertainment town like Angeles City.

"All of the micro-breweries are small operations, with maybe five to ten employees. Craft beer is an art and a labor of love for these brewers. I want to showcase their efforts to the public because I know people these days are looking for new and unique drinking experiences that go beyond the ordinary.

"This is a chance for the beer drinking public in Angeles and Central Luzon to experience something new, to meet the very people who create this liquid gold and to have a lot fun. I've always loved the vibe that surrounds craft beer gatherings. It makes people happy and the scene is really cool. We are going to have breweries from Cebu, Manila, Sagada, Baguio, Palawan and right here in Angeles City all together in one place. Throw in the amazing food and music, and a spectacular outdoor venue at Marquee Mall and we have the ingredients for a legendary great time. In my opinion it can't get much better than that."

Tickets for the festival will cost P250 and include one free craft beer.

The 1st Annual Angeles City Craft Beer Festival is endorsed by the Philippine Department of Tourism and the Angeles City Tourism Office.

VICTORIAN HASHES PRESENT **RUSH** **GOLD RUSH** **NASH HASH** 2017 **IN BALLARAT**

by Kanza
Photos by Num-Num, Shafted, In Limbo

2017 Aussie Nash Hash is to be held in Ballarat, Victoria from Friday 24th February through to Sunday 26th February. The hard working Committee has named this version Gold Rush Nash Hash, as this is appropriate to Ballarat's heritage.

Gold Rush Nash Hash will be mixture of athleticism and sociability, hedonism and satisfying the thirsty with the amber fluid and more, a refreshing escape from the nine-to-five dweebs you're stuck with five days a week.

Hashing is an exhilaratingly fun combination of running, orienteering, and partying, where bands of harriers and harriettes chase a trail seven-to-ten kilometre long through town, country, fording raging rivers, scaling tall mountains and desert, all in search of exercise, camaraderie, and good times.

CONTENTS

The Gold Rush Nash Hash Committee has been working hard to come up with runs that suit all comers, whether they be finely tuned athletes or causal runners/strollers/walkers. Central locations or Run Hubs have been selected which offer various runs culminating at a Hub. There will be variety of terrain, whence it be in the bush or around the town, with no Run Hub being more than 15 minutes from the Gold Rush Nash Hash venue.

The main venue for Gold Rush Nash Hash will be situated adjacent to the renowned Botanical Gardens at the North-Western side of Lake Wendouree located four kilometres west of the town centre.

Gold Rush Nash Hash is just not a Friday to Sunday event, there are various preambles/pre-lubes/post-lubes, leading up to and after the main event. The 2017 extravaganza will start with the internationally infamous Melbourne Chunder, Hashers who attended the 2000 Hobart Interhash, will have fond memories of this event.

Another prominent lead up event is the Red Dress Run. This event is traditionally held on the Thursday prior to the commencement of Nash Hash and is held as a charity event, with the 2017 event in aid of Ballarat White Ribbon Committee, Australia's campaign to stop violence against women.

For details of all the pre and post Gold Rush Nash Hash happenings, the schedule for Gold Rush Nash Hash, run choices, transport options, accommodation, etc, refers to the Gold Rush Nash Hash website <http://goldrushnashhash.com.au>

Ballarat itself has a lot to offer is Victoria's third largest city, located just over an hour by road or rail west of Melbourne. Refer to the website <http://www.visitballarat.com.au> to get all the good stuff about Ballarat and environs.

Ballarat has a moderate oceanic climate with four seasons. Its elevation, at 435 metres (1,427 feet) above sea level, causes its mean monthly temperatures to tend to be on average 3 to 4 °C (5.4 to 7.2 °F) below those of Melbourne. The mean daily maximum temperature for February is 25.0 °C (77 °F), while the mean minimum is 11.4 °C (52.5 °F).

The best way to get to Ballarat is through Melbourne, the gateway to the State of Victoria, is readily available from any where in Australia, let alone the world, with all major international airlines having regular scheduled flights. Melbourne and Victoria have a lot to offer the international and local tourists.

EURO HASH 2017
VIENNA • AUSTRIA
7 - 9 JULY 2017

THE GREATEST RUNNING WEEKEND IN THE WORLD'S GREATEST CITY

Your Excellencies, Hashers and Harriettes, we have the honour of announcing that it is one year until the greatest Euro Hash of 2017.

In this edition:

- Registrations
- Unpaid registrations - tick tock
- Strebersdorf
 - Wien's Weinviertel or wine quarter
- The Lubes! Let's make a holiday of it
- Accommodation - update
- FAQs FYI

Yes, we have one year to go. One year to spruce up Austria's capital and ensure it is right and proper to be tramped and stampeded upon by the world's most venerable revellers. We are sure that you are, like us, looking forward to this event with elephantine anticipation. We have already started to preen and powder ourselves with such delicate delectation that you will have no question in believing you have arrived in Europe's nirvana.

Despite Britain's recent vote to leave the union of European nations, we would like to reassure our brethren in Blighty that you are still very much welcome at the Euro Hash. And because we love you guys, we have arranged with the European Commission to waive the need for you to get a visa for your visit.

But enough of such trivialities. What news have we for you?

Registrations

We are almost at 70% capacity. Approaching 560 of an 800 Euro Hash limit. With the event's ever steady rising interest, we expect to be fully loaded by Christmas. If you know that your nearest and dearest are still to sign-up, give them a nudge otherwise they may have to contend with the Hop-on, Hop-off bus tour while you are out riding roughshod through the streets and glades of our humble village.

For registration details please go to EuroHash.org

As a reminder: there are a number of very helpful ways you can pay your €260 in key locations. Look at the Euro Hash website to find the most convenient for you.

Hang on! It's the registration police.

Unpaid registrations

We need to keep our lists up-to-date to ensure those who want to come can. In order to accomplish this, on 19 June we had a second spring clean of the database. This time, we had to erase unpaid members lodged between December 2015 - February 2016. Chaste wallet guardians were deleted when two reminders were left unanswered. If this was you, then we are afraid you will have to re-register.

STREBERSDORF

WIEN'S WEINVIERTEL OR WINE QUARTER

CONTENTS

No rusty nails here.

Ye ol' ankle breaker.

Strebersdorf

As you can see, Strebersdorf is a spectacularly beautiful part of Vienna, garlanded with row upon row of vines which produce some of Austria's most fantastic wine. While crafting great nectar, the region's low lying hills make sensational Hashing territory with wooded paths, hills of varying complexity and steepness, combined with stunning views of our fair city to amaze and spellbind. Maybe you can imagine a wine-stop atop one of these adorable peaks.

The Lubes!

Let's make a holiday of it. While you're in our glorious city, you might as well make the

most of it and have a look around. On the EuroHash.org page aptly named "Lubes", we have detailed the current excursions, which you may wish to indulge in before and after our main event. Please take a look.

There are a range of events in surrounding regions and neighbouring countries put together by ever considerate organisers to gently and tenderly entertain you between some perfectly arranged Hash runs. Such tantalising treats include an homage to Orson Wells' classic film "The Third Man", a brace of cruises, a vineyard tour, a red dress run and a weekend away in Austria. That sort of thing.

We hope to have more options and info in later issues.

Accommodation - update

It is best to arrange your slumber parties pronto, as beds are selling like cold beers in the Devil's sauna. As mentioned in our last newsletter, we have negotiated special Euro Hash rates at the 4-star hotel, Hotel Zeitgeist and the A&T Hostel. Both close to the party.

The Zeitgeist is already 50% reserved. All rates are exceptional and truly incomparable for a city like this during high tourist season. If you plan to stay in Vienna longer than the weekend, these hostelries have agreed to extend to you the same Hash rate for your entire stay. A generous concession, limited only to their capacity. Get in quick as there's no sleeping in the corridors (unless you forget your key or get kicked out by your newly found 'friend').

For more information, go to the "Hotels and Hostels" section in the EuroHash.org's Community area.

FAQs FYI

As you can imagine we are receiving a large number of questions and queries from lost souls on a narrow range of similar subjects. In order to save from repeating ourselves (we have a lot of wind anyway), we are developing a 'How to...' page on EuroHash.org detailing your most frequent concerns.

Please have a look in the Support section of the Community area.

It will save us all time.

Next time...

They've only got eyes for you.

Is this a check or a beer-stop?

The Euro Hash Trail and Hare Masters have just been appointed by the committee and have started their very important work. Expect more news on the runs in the coming issues of this newsletter. For all you feisty young March Hares and jackrabbits out there, you should get ready to respond to our Call for Hares very soon.

For more information, go to the "Committee" section on EuroHash.org.

Also, prepare to get us over a barrel! We will be launching a major competition where you can

WIN A BARREL FOR YOUR HASH!

Goodness, what a prize! Imagine if you actually shared it! We will be looking for the most vocally talented Hash Kennel. Watch this space.

Till next time!
Barefoot.

DONKEY FLUFFER, THE VISIONARY WHO STARTED LUNAR AND NOW THE HASHIT ACROSS AMERICA PROJECT TO RAISE MONEY FOR THE MAKE-A-WISH FOUNDATION

by Donkey Fluffer

It's been run, biked, paddle-boarded, kayaked, surfed, swum, thrown up to a bridge, skateboarded, unicycled by Gumby (JaxH3), visited a strip club, been to a camp out, visited a tank, a dinosaur, several breweries, rode a bull, got eaten by an alligator, to mention some of the ways the brainstrom of visionary Donkey Fluffer has been moved - all for the benefit of **Make A Wish Foundation**.

The Hashit arrived in Key West for Fantasy Fest 2015 and did the zombie bike ride on 25 Oct 2015 with over 7,500 zombies on bicycles. Then on 26 Oct the Hashit did the heroes and villains 5K Run. On 27 Oct the Hashit did the tutu Tuesday run down Duval Street in Key West. Of course the bunny had its tutu on. On 29 Oct the hashit ran its first red dress run followed by the Fairvilla Masquerade March on 30 Oct. On 31 Oct the Hashit rode on a float in the Key West

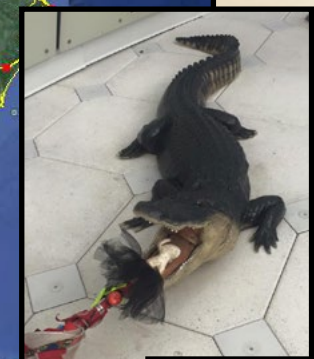

HASH PATCHES FOR THOSE WHO CARRIED THE HASHIT, ANOTHER WAY OF MAKING MONEY FOR MAKE-A-WISH FOUNDATION.

Fantasy Fest Parade, and then finally departed Key West on 1 Nov 2015 starting at Mile Marker 0 on US Hwy 1 by running, bicycling, and then paddle boarding off the island from Coconut Mallory Resort on Key West to Hurricane Hole Marina on Stock Island. The Key West Hash was the first to move it and move it they did travelling 112 miles across 33 bridges to the mainland, where the Miami H3 took over. Such an event couldn't go unnoticed.

So...

Sacksquats made a sign from Walmart poster board with the Make A Wish Q code on it. By the time it travelled through Ft Lauderdale H3 (who still holds the record for most money raised), Palm Beach H3,

Treasure Coast H3, Space Coast H3, Tampa Bay and Jolly Roger H3, the publicity that it was getting was tremendous and the donation's came pouring in. By the time it reached Daytona Beach H3, St Augustin H3, and Jacksonville H3 the Hashit sign was in rough shape. It is currently being laminated and will be presented to Donkey Fluffer as a three foot event tag (this will be a surprise). After riding about 15 miles thru a thunderstorm at night on some scary back roads of Florida, ShakesQueer GayGuys Cocks of Daytona Beach H3 decided a better sign/carrying device was needed and that it should be highly reflective to provide some safety to its carriers. This sign was made from a spare food grade plastic ceiling tile from a commercial kitchen project, the frame from an external frame camping backpack that he bought

EVEN ALLIGATORS LOVE THE HASHIT

at a thrift store a decade ago and had been used for two different hash costumes (shower guy from karate kid & a shark cage). On 13 Jan 2016 Daytona Beach H3 raised \$1398 in one night! On 15 Mar 2016 the Hashit ran into the Air Commando Ruckers! They were carrying 50lb rucksacks and an American flag from Tampa to Hurlburt Field. Check them out <https://m.facebook.com/Air-Commando-Ruckers-274979869218743/>

Finally on 28 Mar 2016 crossed the border from FL to GA by the Tallahassee & Area (T&A) H3 after the Florida Hashes raised over \$16,500 for Make A Wish Foundation. That set the bar pretty high for any state to beat!

HORNY JUMPING
WITH THE HASHIT**

Here are the HASHSHIT TRADITIONS and Guidelines

1. Protect the Hashshit. It must not be damaged, destroyed, vandalized, sharpied, castrated, sucked too deeply into ones anal cavity, or allowed to go dormant for too long. If your kennel breaks it, please fix it (most materials I found at Lowe's).
2. Respect the Hashshit. While it loves all the typical hash debauchery, it shouldn't be allowed to fall into the hands of muggles or otherwise lost.
3. The Hashshit can only move forward thru wanker-powered conveyance. It can move via walking, running, stumbling, crawling, swimming skateboarding, bicycling, kayaking, canoeing, paddleboarding, or human powered flight (good luck with that). The wanker can be virgin, no-name, or named.
4. The Hashshit can be moved via horse, mule, donkey, goat, dog, cat, sheep, llama, elephant, cow, duck, or other bestiality worthy creatures, provided said animal is a named hasher.
5. No motorized or wind-powered vessel can be utilized for FORWARD progress of the Hashshit.
6. If a wanker decides he/she is done moving it for the day because of weather, darkness, fatigue, apathy, or drunkenness, they can mark the last spot with the appropriate chalk mark of their choosing, turn off the attached SPOT Beacon and move the Hashshit back to a place of safety via motorized whatever. When the weather clears, simply move the Hashshit back to the last chalk mark, turn it back on, and move out via any method described above.
7. The kennel currently in possession of the Hashshit determines it's pace, provided it doesn't sit idle for unreasonable periods of time. We at the Hashshit Project reserve the right to retrieve, or send those we designate to retrieve, an unreasonably idle Hashshit. Continuity will retain interest and bring in money for the Make-A-Wish Foundation. All we will dictate is which kennel to hand it off to. PLEASE DON'T PICK WHICH KENNEL YOU HAND IT OFF TO, EVEN IF YOU THINK

*GUMBY WITH
BALLOONS MOVING
THE HASHIT BY UNICYCLE*

YOUR CHOICE MAKES MORE SENSE. We will listen to your advice, of course, but we have a general direction we must follow and we can't have kennels bypassed that wanted to participate. The designated kennels will coordinate with each other on when and where the handoff will take place. Your route will not be determined by us, only which kennel you hand it off to. Be advised that it is not legal to move on foot or bicycle on any highway in the U.S. Interstate system (i.e I-40).

8. The State Flag and all things that kennels have attached, but not the original accoutrements attached prior to launch by us here at the Hashshit Project, shall be removed upon crossing a State line into a new State. The new flag, provided by the Hashshit Project staff, will be attached and the Hashshit will be refreshed and lightened for the new State's wankers. The last kennel in a particular State will mail the flag and attachments to us, using the donation money they raised during their possession. Collected items from each state will be preserved and ultimately displayed at a future Hashing Museum.

HASHIT TAKES A FLOAT TRIP WITH THE HASH

9. Batteries for the SPOT Beacon and any items needing replacement will come from the funds a kennel has already raised, but if not yet received, the Hashshut Project will provide. I suggest each kennel test the beacon daily and make sure it shows on the SPOT app (free download for all Android and iPhone devices).

10. A patch for those that have carried the Hashshut, for any distance, will be available for purchase for \$10. You must be on a list submitted by your kennel to be eligible to purchase this unique patch. ALL profit from the patch sales will go to Make-A-Wish. The HASHSHIT REPRESENTATIVE FOR YOUR KENNEL DETERMINES WHAT CONSTITUTES "CARRYING". This may include only carrying it forward towards the next kennel, or just for regular trail at your local event. A Hashshut Supporter patch is also available for those that couldn't help move it for various reasons, but still want to contribute. Special 69 and 100 mile patches are now available for those that have it documented. These

patches are being made in-between the orders that bring in profit for our patch maker, a hasher like you and I, so leaving her a bad review because you didn't receive your patch as fast as you wanted to is fucked up. These patches are not going to be mailed to you at the same speed as her profitable patch orders.

10. I leave it completely up to the possessing kennel to determine how they will raise money for Make-A-Wish other than the patch purchase described above. Get creative, involve muggles if you deem it useful, but bring in that money for the sick children. NO MONEY WILL BE TAKEN IN BY US AT THE HASHSHIT PROJECT DIRECTLY, it's all for the children. Complete transparency.

A Succinct History La Jolla Hash House Harriers

By Caro-lion

(w/some less-than-profound narrative
embellishments by De'duk)

The La Jolla Hash House Harriers originated 38 years ago when founder Joe Curray, Professor Emeritus (Geology) Scripps Institution of Oceanography, handed out invitations for a 'special event' to SIO staff, students, faculty and friends that were known to run at La Jolla Shores beach or body-surf near Scripps Pier.

Prof. Curray had picked up the idea of forming a local Hash while in Asia where he had run with KLH3 the year before. The first few runs at Scripps, attended by several dozen 'recruits', took place on the UCSD campus located on the mesa above SIO and the picturesque Pacific-La Jolla coastline.

The runs typically ended in a small campus police parking lot where the Hon-Sec or his co-hare's car was stocked with a cooler of cheap beer. Word of the next run was typically via inter-office correspondence. The Pack doubled in number over the initial five years. By the time of the 300th (first invitational run held Feb. '84) there were between 40 and 50 dues-paying members; fees being collected quarterly by a self-designated Hash Cash. Beer was supplied by a Honorary Purveyor (later Biermeister) possessing a key to the Mud Core locker (beer storage) room.

LJH3 Hares's have laid a run without interruption each and every Monday evening since May 15, 1978, thus making it one of several oldest continuously active Hashes in existence on the North American continent. As only Monday evening runs are numbered, Sept. 5, 2016 constitutes two thousand weeks from the first run, saving a great deal of effort in counting. Special runs, weekend functions, annual outings, etc. go numerically untallied but typically involve 3-4 additional hashing events a year. As the Pack numbers between 50 and 60 for the past several decades, each member willingly and eagerly volunteers to hare/host a Monday run once or twice a year (yeah, a joke). About half the Pack are (or may have been at one time or other) legally-wed to one another; 4 or 5 couples first met at a Hash. There's a six-decade range in membership (21-85); although the median age is probably like 65 plus. Several who attended the 'first run' are still FRB's while several other long-timers yet actively participate in Down-Downs. Over 75 percent of the Pack have been Hashing for more than 20 years, most have from 1200 to 1800 LJH3 runs to their credit although few keep track. Hares now attempt to lay three trails each Monday - Eagle, Turkey and Walkers. In southern California terms, the kennel is considered "older than dirt", although they pale in comparison to the Iron Rule Hash (another of over 15 active San Diego area Hashes).

LJH3 traditions developed similar to the Monday runs of Mother Hash, where Prof. Curray first encountered hashing in 1977. The significant exception was he wanted women included, rather than men only. The basic rules held: there will be Trail and there will be Beer. Trail marks used in KL (paper scraps - defined as litter in California) meant original markings were laid from jumbo bags of popcorn; soon replaced by chalk and flour after too many trails were lost to scavenging seagulls and ocean waves. Trails were intended to require approximately an hour to complete, irrespective of pace, so that most Hashers might finish within the same period of time (roughly). Checks were also KL-style - 100 meters in any direction, including before and after the check. As laying 'challenging' checks and difficult trails became 'standard', LJH3 added

an additional guideline - a check should be solved within three marks (especially after several FRBs were out, off-trail for 3.5 hours). Blowing whistles was (and yet is) considered a profoundly inane concept when a vocal 'ON-ON' will suffice. For supplemental audio enhancement, a totally useless Hash Horn was offered to anyone dumb enough to carry it or put it to their lips. A number of years and the slow infusion of members from other Hashes (local and abroad) were required to get around to designating various 'petty officers' like an AGM, RA, Hare Raiser, Hash Flash, etc. Hash Names were sometimes used, but seldom originally designated. Most monikers (with some notable exceptions) derived from other Hashes.

Several practices have changed since the early years. Post-run sustenance - originally only canned beer and popcorn, now involves numerous choices including appetizers, several fine craft beers, hand-selected wine (R&W), sodas (Reg. & Diet), all accompanying a complete meal (vegan & gluten-free provided regularly) AND desert. Down-downs evolved from guerrilla-style to quasi-pre-prepared (but never rehearsed) attempts at Pack entertainment with variable-results and mixed review. Meanwhile, the **Hashshit** has evolved into a highly revered object melding a classic motif with Native American artwork, 21st century high-tech LED illumination while retaining a whiff of stale beer. The 'merit-based' adornment is commonly and off-times awarded repetitively during Down-Downs. The 'Hebdomadal' (weekly newsletter) was initially mimeographed hand-written, later Xeroxed typed carbon-copy, then finally mailed to anyone supplying a self-addressed pre-stamped envelope. Today, it is prepared digitally over the inter-web (for free thanks to Al Gore) using bytes, computers and keyboards, to be subsequently viewed on-line by the world, office co-workers and the random voyeur. It yet typically contains a smattering of humor injected with a plethora of photo-shopped tits & bums, together with miss-information and fantasies regarding last and next week's events. LJH3 also has its own world-renowned Internet website (**LJH.com**) and an actual (non-virtual) Webmaster. Fairly progressive, 'tech-heady' stuff for a Hash with a median age closing in on 70.

With the 2000th trail LJH3 Hashers will have run, walked, stumbled, tripped and fallen a collective distance of some 800,000 kilometers over the past two thousand Mondays – that's 20+ times around the world. In the process of accomplishing such effort, the Pack has consumed 25,000 Imperial pints of beer - one pint (U.S.) for every 2 miles on trail. One thing hasn't changed over this many runs; LJH3 Hashers are yet incapable of recalling the words, let alone tunes, to any but one Hash song introduced during its formative years. "Here's to _____, he's/she's true blue, they are...?" – sorry we forgot the rest.

REGISTRATIONS ABOUT TO OPEN

Cebu Hash is close to 20 years old and is based in and around Cebu City (approximately half way up or down on the east coast of Cebu Island).

Cebu is a longish, thin island with a narrow coastal plain along each coast with a multitude of steep-sided hills running south to north along its central spine. For Hashers, this means that much of the flat land is built up or fenced in. This leaves the hilly interior for most of our Runs. Browse our website at <http://cebuhash.org/index.php> to see the sort of places we regularly Hash.

Unfortunately, some of these places are a tad off the beaten track – they might not require a 4 wheel drive vehicle to get there but definitely need something with a high ground clearance (SUV, pickup, etc). Normally, we use our own vehicles to get to the start of our Runs. This can be problematical when we have a shit load of visitors to transport.

Cebu City itself has many upmarket (expensive) hotels and a wide variety of lower cost (but OK) places to stay at. There are also a handful of large (expensive) beach resorts scattered around the island. Unfortunately, the more economical resorts are not very large. We do not recommend staying on Mactan Island (Lapu Lapu) over a Hash weekend. By the way, there is not a large red-light bar district as such in Cebu.

The 2017 Philippine Nash Hash over May 19TH to 21ST

BASIC OUTLINE PROGRAM – (more to be added)

Friday 19TH there will be an afternoon arduous hills hike trail just outside the city proper.

For evening fun, a bar crawl run is being arranged.

Saturday 20TH is the main run day and après cycle party at Genesis Valley Resort (current plan) just over the Cebu City / Consolacion border. A short walkers trail, a slightly longer one, and a 12km minimum ball buster. Open air circles leading on to gallons of beer with grub and entertainment. (Small swimming pool available at extra cost).

Sunday 21ST will see a late morning set of recovery runs (one short + one long). We hope this will be in sight of the sea and we can find a field in which to party away the afternoon.

FEES

We are working on the host of logistics matters regarding accommodation, transport, grub, beer, etc, but to keep you all satisfied with beer and grub quantities plus transporting you to the venues we have set the fee at Phil Peso 4,500 per head.

This is based on a limit of +/- 150 Hashers and will need to be paid (IN PHILIPPINE PESO) by 28TH February 2017 latest. Higher priced rego's may still be available up to final cut-off date of 20TH April 2017. For those able to pay in cash in Cebu there will be a discount. Otherwise, payments are to be made in Peso through PayPal.

Details will be on a special Cebu Nash Hash 2017 website currently under construction but available soon.

HASHING IN
SLOVENIA

Six Day - 100K Slovenia Trek

by Moose Diver

Back in May this year I got on the wrong bus at Interhash in Bali and ended up on the KL Mother hash trail, it started out well enough with a great sing song on the bus by the gifted singers from Malaysia, particularly memorable was the rendition of "In the Morning" with its deep and meaningful hash lyrics, and as we drove in the bus convey heading North through the many towns and villages with the smiling happy local people, I had no forewarning about what was to come, when I got off the bus was happy to meet Loose Nutz from Munich H3 and know at least one other hasher on the trail. I decided to walk the medium runners trail as the idea of the walkers trail did not seem challenging enough for me.

CONTENTS

We headed up a hill towards the local village, and then took a left turn into the rice fields and jungle, there was a large Q of hashers as we entered a deep chasm, and that's where the trail horrors started, this was without doubt the toughest trail of my life, with lots of climbing up and down, and struggling with slippery shaggy and trying to pull myself up with tree branches and trying to get a foothold on the plant roots, it seemed to go on forever, and several times I felt I was going to get a heart attack, if it had not been for the help and assistance of some great Malaysia hashers I don't think I would have made it. My main problem was that after 8 months of mainly living in hotels on my last contract I was quite a lot overweight and I really felt it in those tough trail conditions.

Fast forwards to a few weeks later and I am now in much better shape and looking forward to completing a 100 kilometer 6 Day trek in Slovenia to raise funds and awareness for Alzheimer's. Fundraising is off to a great start and one of the first contributors was Higgin's the mastermind behind Brussels 2014 who like myself has been personally touched with family experience of this affliction.

About the Alzheimer's trek

The object is to raise funds for this worthy cause and my personal goal is to raise at least €1,500 between now and the trek. I will pay my travel and accommodation expenses myself so all donations go straight to the charity.

Last year my brother Gerry raised over Eur 3000 on the Camino walk with the help of a lot of generous Interscandi 2015 Hashers in Galway Ireland. My brother was the beermeister on that weekend, and we had a draw with a rego refund, the winners put their winnings back into the Alzheimer's fund, hashers are really great.

Alzheimer's Ireland is a national not for profit organization and registered charity, and all funds raised will go directly where most needed providing services to those afflicted and will not be used for administration purposes.

Just Giving is simple, fast and totally secure. Your details are safe with Just Giving – they'll never sell them on or send unwanted emails. Once you donate, they'll send your money directly to the charity. So it's the most efficient way to donate – saving time and cutting costs for the charity.

The Great Ethiopian Run

the biggest and highest 10k race in Africa

by **Julia Stanton**

If you fancy running in the biggest road race in Africa and running in the land of runners on the roof of Africa, then the annual 10k Great Ethiopian run may be just your thing. Addis Ababa is 2500 metres above sea level and the third highest capital in the world so it might be your highest 10k run. The race will take place in Addis Ababa on Sunday 20th November 2016.

Now in its sixteenth year with 40,000 participants the race is hailed by Brendan Forster, Chairman of NOVA International as 'the most exciting race in the world' with runners coming from all over the world to take part. Last year 600 overseas participants joined the run. As well as Africa's biggest road race, important social messages about health and fitness and the Millennium goals are also promoted.

For overseas participants, the run fee is 40 GBP which also includes entrance to the pre-race pasta party at the Hilton in Addis Ababa and the chance to meet Haile Gebreselassie, Ethiopia's legendary runner who has been a great promoter of the event since 2001. This year, registrants will need to decide whether they are red or green i.e. what time they can run 10 kilometres in as there will be two race starts.

Of course, you do not need to be a runner to participate, it's also possible to walk and join in the great carnival atmosphere of the race. Many different organisations encourage staff to sign up and form teams, some in fancy dress or brightly painted faces and some even on stilts. At various points there are water stations and music stations where those who are less serious about their finishing time stop to dance or rest.

The day before the race, hashers can warm up at the weekly hash run/walk with the Addis Hash House Harriers where you will be taken up one of the surrounding hills of the city to follow trails of shreddie usually with sweeping views of the city below, the run site for the Great Ethiopian Run. If you still have any energy on Monday you can join the Abyssinia Howling Hyena Hash who run on Monday evenings before its gets dark and the hyenas come out.

HASHING IN
MYANMAR

Yangon H3 1500th Run

by Grand Master BoBo

CONTENTS

The Yangon Hash House Harriers (YH3) will be celebrating its 1500th run with a full weekend of Hashing from Friday 11 November to Sunday 13 November 2016 (the weekend after the Mekong Indochina Hash in Angkor Wat). A warm and hearty invitation is extended to all Hashers, especially to those heading to the Mekong Indochina Hash who desire some post-lube activity.

The YH³, which was born out of the Manila Hash in June 1980, plans to celebrate this achievement by kicking off on Friday night with a warm-up run hosted by the Yangon Full Moon Hash. The usual evening debauchery will follow. On Saturday, you will have plenty of time to sober up before you join the YH³ in the afternoon for their regular weekly run, which will take their total to 1499. An evening dinner will follow. The 1500th Run proper will be held on Sunday morning after which you can enjoy a well-deserved, magnificent lunch/brunch.

November marks the start of the cool, dry season in Myanmar when the weather is idyllic and it is the perfect time to explore the city of Yangon and the wider country that were virtually closed to outsiders for decades. Years of isolation has resulted in a city that has more colonial architecture than any other in SE Asia although the cityscape is fast-changing amid a surge of economic activity. How better to witness what this dynamic city has to offer than to go Hashing with some like-minded drinkers with a running problem?

Registration for the 1500th Run festivities, and further information, can be found on the YH3 website, <https://yangonhash.wordpress.com>, or you can email YH3 Grand Master BoBo at yh3gm@yahoo.co.uk to register your interest/request inclusion in his exclusive email list for further updates.

KOREA

- A REFRESHING HASHING EXPERIENCE

Hanyang Hash House Harriers & Harriettes (H5) of Korea is proud to offer itself as host of Pan Asia Hash 2017. The fact that there has never been any large scale hashing event in Korea means that, for most of the prospective participants, this Pan Asia will be a very refreshing hashing experience indeed.

We specifically chose Sokcho City as the event venue: on the fringe of this city is the world-renowned Seorak Mountain National Park which, for many Korean soap opera aficionados, has often been the surreal backdrop. The proposed dates are similarly selected, for late October ushers in the most spectacular autumnal colours,

best highlighted by the rainbow hues of the maples.

Participants will get to savour the K-food phenomenon that has been taking the gastronomic world literally by storm. Be enamored by the extensive spread of Korean delights - the quintessential Ginseng Chicken Soup; the omnipresent mouth-watering beef, lamb, and pork barbecues; the huge varieties of fresh - and often live - seafood eaten either raw/sashimi-style, or prepared in dozens of off-secret recipes unbeknownst to other parts of the world. All these, and more, washed down with world famous brands of beers, or with the uniquely Korean soju and makgoeli.

The time is ripe for a refreshing change of scenery, of style, of food and beverage, and of a completely new hashing experience. We are a new troupe of organizers, backed by the provincial government, and supported by experience from the Motherland of hashing.

Give your affirmation for a refreshing change!

KOREA - THE VENUE OF CHOICE

- **ACCESSIBLE** – round trip as low as USD200-250 from most SE Asian cities
- **AFFORDABLE** – conveniently located rooms could be had for as little as USD35-40
- **ASTHETIC** – be enchanted by autumn at its full fall colours
- **VIRGINAL** – hash in assuredly hitherto never-before-hashed territory
- **GOVERNMENT-BACKED** – the provincial government is enthusiastically supportive
- **GASTRONOMIC** – pamper your sensory glands with inimitable K-flavours
- **INTOXICATING** – infuse yourself with the full range of uniquely Korean beverages
- **COMFORTABLE** – experience hashing in low-humidity at temperatures in the mid-teens
- **ENTERTAINING** – revel in live K-pop performances and cultural shows
- **PERFECTION** – enjoy the Koreans' relentless strive for perfection!

THE REAL DEAL

OUR
TORTILLAS
are
MADE BY
HAND

Frontera's Sizzling Fajitas

It was 1973 in Houston, Texas on Navigation street where a young tejanita named Ninfa first popularized the famous Tex-Mex dish now known as "fajitas".

We pay homage to Mama Ninfa everyday by making our fajitas the traditional way. Marinated overnight in Frontera's proprietary blend of authentic Tex-Mex spices and served sizzling hot with a stack of fresh house-made tortillas.

Real Tex-Mex only at Frontera.

X TERRA OFF ROAD TRIATHLON + DUATHLON TRAIL RUN Koh Samui 25.09.2016

www.ama-events.com/AMAxterra

This is a trial event in preparation for the 2017 Xterra World Tour. The 2016 event will NOT provide prize money or points in the Asia-Pacific Tour.

AMA X TERRA SAMUI Off Road Triathlon 2016

The inaugural Samui X TERRA OFFROAD Triathlon 2016 brings the new, spectacular and fast growing sport of 'Off Road Triathlon' to Thailand. It also brings the first X TERRA Trail running race to the country.

Supported by Singha, ibis hotels, Bangkok Airways, Optima Bikes and the Tourism Authority of Thailand, this inaugural Off Road Triathlon is set to attract 400 motivated athletes from all around the world.

Scheduled on Sunday September 25th, the race will start and finish on the magnificent Bophut beach, Koh Samui.

Off Road Triathlon is a highly visual and dynamic sport genre, stretching competitors to their limits. It is a sport that is rapidly capturing the imagination of sport people in Thailand and around the world. "After the immense popularity of road triathlon during the last 2 decades, off road triathlon is now fast growing in popularity around the world. We are very excited to bring this new type of sport and the X TERRA family to Thailand" explains Serge Henkens, the Race Director and managing director of Active Management Asia.

What is X TERRA?

X TERRA is world renowned for its series of cross triathlon races, three-sport races which include swimming, mountain biking, and trail running. The X TERRA off road triathlon race series is considered to be the world championship of the sport. Professional triathletes are competing for impressive prize money purses, while amateurs race for national titles and coveted slots to the World Championship held in Hawaii in October.

HASHERS IN THE NEWS

As Hashers age, they start seeing more of the medical world, which nowadays seems to include an increasing number of women as our physicians and therapists, and in Clever Dick's case, a new urologist.

His family doctor recently referred him to a just-out-of-medical-school female urologist.

He saw her last week, and she's absolutely drop-dead gorgeous as well as unbelievably sexy.

Apparently during the examination She told him that he must stop masturbating.

He asked her why.

She said, "Because I'm trying to examine you..."

On the first day of training for parachute jumping, two Stockholm Hashers, Termite and Marmite listened intently to the instructor.

He told them to start preparing for landing when they are at 300 feet.

Termite asked, "How am I supposed to know when I'm at 300 feet?"

"That's a good question. When you get to 300 feet, you can recognize the faces of people on the ground."

After pondering his answer, he asked, "What happens if there's no one there I know?"

---nonon---

Two unknown Stockholm Hashers, were recently on holidaying in Nevada, they were driving along the highway to their hotel one very cold night when she asks him to stop the car.

There was a baby skunk lying at the side of the road, and she got out to see if it was still alive.

It was, and she said 'It's nearly frozen to death. Can we take it with us, get it warm, and let it go in the morning?'

He says, 'O. K., Get in the car with it.'

'Where shall I put it to get it warm?'

He says, 'Put it in between your legs. It's nice and warm there.'

But what about the smell?'

Just hold its little nose.'

He is expected to recover, but the skunk she used to beat him with, died at the scene.

ONE TABLET OR TWO?

Upon arriving home, a husband was met at the door by his sobbing wife. Tearfully she explained, "It's the chemist. He insulted me terribly this morning on the phone. I had to call multiple times before he would even answer the phone."

Immediately, the husband drove down to confront the druggist and demand an apology.

Before he could say more than a word or two, the chemist told him, "Now, just a minute, listen to my side of it. This morning the alarm failed to go off, so I was late getting up. I went without breakfast and hurried out to the car, just to realize that I'd locked the house with both house and car keys inside and had to break a window to get my keys."

"Then, driving a little too fast, I got a speeding ticket. Later, when I was about three blocks from the store, I had a flat tyre."

"When I finally got to the store a bunch of people were waiting for me to open up. I got the store opened and started waiting on these people, all the time the darn phone was ringing off the hook."

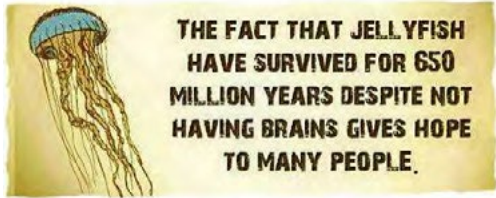

He continued, "Then I had to break a roll of coins against the cash register drawer to make change, and they spilled all over the floor. I had to get down on my hands and knees to pick up the coins and the phone was still ringing."

"When I came up, I cracked my head on the open cash drawer, which made me stagger back against a showcase with a bunch of perfume bottles on it. Half of them hit the floor and broke."

"Meanwhile, the phone is still ringing with no let up, and I finally got back to answer it. It was your wife. She wanted to know how to use a rectal thermometer."

And believe me mister, as God is my witness, all I did was tell her."

THE BLACK BRA
(AS TOLD BY WOMAN)

I had lunch with 2 of my unmarried friends. One is engaged, one is a mistress, and I have been married for 20+ years. We were chatting about our relationships and decided to amaze our men by greeting them at the door wearing a black bra, stiletto heels and a mask over our eyes. We agreed to meet in a few days to exchange notes.

Here's how it all went.

My engaged friend :

The other night when my boyfriend came over he found me with a black leather bodice, tall stilettos and a mask. He saw me and said, 'You are the woman of my dreams ... I love you.' Then we made passionate love all night long.

The mistress:

Me too! The other night I met my lover at his office and I was wearing a raincoat, under it only the black bra, heels and mask over my eyes. When I opened the raincoat he didn't say a word, but he started to tremble and we had wild sex all night.

Then I had to share my story:

When my husband came home I was wearing the black bra, black stockings, stilettos and a mask over my eyes. When he came in the door and saw me, he said, "What's for dinner, Zorro?"

These two eggs had just been married and were on their honeymoon.

While they were sitting on the bed making out, the female egg pushed the male egg away and said, "I just have to go to the bathroom. I'll be back in a minute." and off she went. Five minutes later, the male egg saw his sexy wife walk out in a slinky 'egg' lige, wiping her hands up and down her smooth, oval-shaped body.

Instantly, the male egg slapped his hands on the top of his head, covering it completely. The female egg looked at him and asked what he was doing.

He replied, "The last time I was this hard, someone cracked me on the head with a spoon!"

BAGPIPES

We love this story even if it has passed by a number of times before.

Lay down what's bothering you, breath in the fresh air and enjoy.

Time is like a river. You cannot touch the water twice, because the flow that has passed will never pass again. Enjoy every moment of life. As a bagpiper, I play many gigs. Recently I was asked by a funeral director to play at a graveside service for a homeless man. He had no family or friends, so the service was to be at a pauper's cemetery in the Nova Scotia back country. As I was not familiar with the backwoods, I got lost and, being a typical man, I didn't stop for directions.

I finally arrived an hour late and saw the funeral guy had evidently gone and the hearse was nowhere in sight.

There were only the diggers and crew left and they were eating lunch. I felt badly and apologized to the men for being late.

I went to the side of the grave and looked down and the vault lid was already in place. I didn't know what else to do, so I started to play.

The workers put down their lunches and began to gather around. I played out my heart and soul for this man with no family and friends. I played like I've never played before for this homeless man. And as I played "Amazing Grace", the workers began to weep. They wept, I wept, we all wept together. When I finished, I packed up my bagpipes and started for my car. Though my head was hung low, my heart was full.

As I opened the door to my car, I heard one of the workers say, "I never seen anything like that before, and I've been putting in septic tanks for twenty years."

Apparently, I'm still lost...(it's a man thing!)

GAGPIPES

If Donald Trump wins the U.S. presidential election, it will be the first time in history that a billionaire moves into public housing vacated by a black family.

Paddy goes into department store and asks the shopkeeper, "Excuse me sir, but do you sell potato clocks?"

The shopkeeper looks at him and says, "Are you taking the pee? We sell cuckoo clocks, carriage clocks, grandfather clocks, alarm clocks...what the heck is a potato clock?"

And Paddy says, "I don't know, but I start my new job at nine tomorrow, and the wife said 'You'd better get a potato clock.'"

IT'S A WONDERFUL WORLD OUT THERE

There is a medical distinction between Guts and Balls. We've heard colleagues referring to people with Guts, or with Balls.

Do they, however, know the difference between them? Here's the official distinction; straight from the British Medical Journal: Volume 323; page 295.

GUTS - Is arriving home late, after a night out with the lads, being met by your wife with a broom, and having the Guts to ask: Are you still cleaning, or are you flying somewhere?
BALLS - Is coming home late after a night out with the

lads, smelling of perfume and beer, lipstick on your collar, slapping your wife on the butt and having the Balls to say: "You're next, Chubby!"

I trust this clears up any confusion.

Medically speaking, there is no difference in the outcome; both are fatal.

---onon---

There are two excellent theories for arguing with women.

Neither one works.

---onon---

The frequency of sexual activity of senior males depends on where they were born. Statistics just released from Statistics Canada and The United Nations B.O.H. Team, revealing that:

English men between 60 and 78 years of age, will on average, have sex two to three times per week, (and a small number a lot more),

whereas Japanese men, in exactly the same age group, will have sex only once or twice per year if they are lucky.

This has come as very upsetting news to most of our male readers, as none of them had any idea they were Japanese.

Give a man a fish and he will eat for a day.

Teach him how to fish, and he will sit in a boat and drink beer all day.

Winner of the Chicago Tribune's best Tweet of the week: "I thought my vasectomy would keep my wife from getting pregnant but apparently it just changes the color of the baby."

A very nice, innocent Australian woman wants to get married, but she is only willing to marry a man if he has never had sex with another woman. After several unsuccessful years of searching, she decides to take out a personal ad..... She ends up corresponding with Scotty Greer, who is an average golfer and who has lived his entire life in the Australian Outback and he has had no experience with women.

They meet and she is very happy with him; she feels that they are perfect for each other. Eventually they end up getting married. On their wedding night, she goes into the bathroom to prepare for the evening. When she returns to the bedroom, she finds her new husband standing in the middle of the room, naked. All the furniture from the room is piled in one corner.

"What happened?" she asks.

"I've never been with a woman" he says,

"But if it's anything like a kangaroo, I'm gonna need all the room I can get!!!"

We just received a letter from a long lost Hasher

Apparently his wife told him to go out and get some of those pills that will help him get an erection.

You should have seen her face when he came

back and tossed her some diet pills!

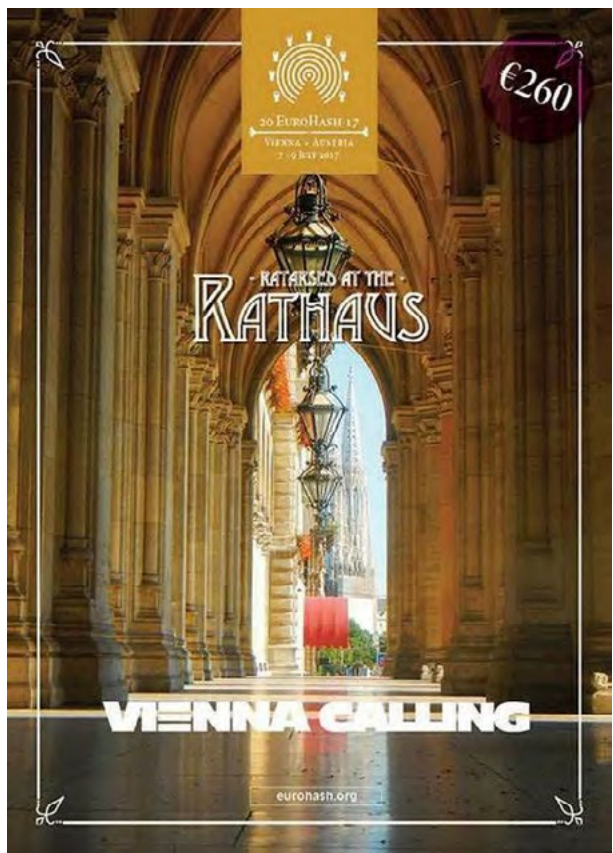

He's looking for a place to live, can anyone help him?

---onon---

A lady, after having downed quite a few drinks, turns around, faces the guy standing next to her at the Bar.

She looks him straight in the eye and says: "Listen good looking, I screw anybody, anytime, anywhere, your place, my place, in the car, front door, back door, on the ground, standing up, sitting down, naked or with clothes on, it doesn't matter to me. I just love it."

Eyes now wide with interest, he responds: "No kidding. I'm a politician too. What electorate are you from?"
