World Hash Events September 2026

Greetings Hashers,

There is lots to talk about this month . . . new dates for major events, hashing in the news, attempts to copyright the hash, and even some newly discovered history of the HHH in Kuala Lumpur.

First things first . . . if you previously signed up for InterGulf in Bahrain, back in March you know the event was postponed due to world events in the Middle East. Well, if you still have your rego, or for anyone who wanted to attend but could not previously, now is time to check your calendars. InterGulf has a new date . . . 1-3 Oct 2026.

They are a little slow at updating the website, but you can rego at <https://bahrainhash.com/37th-intergulf-bahrain-2026/>

InterAm 2027 has recently secured a great venue in Orlando, Florida. This event is scheduled for 8-10 Oct 2027, and you can register at <https://www.iah2027.com>

Well, Interhash, InterCaribbean Hash, and InterScandi Hash are over, and InterGulf has been postponed until 1-3 Oct. BUT, if you are still looking for a great new adventure, check this out:

There are still regos available for **Pan South America Hash** to be held 20-22 Nov 2026 in Montevideo, Uruguay. There is still time to get in on this great event, rego on [Pan SoAm 2026](https://soam2026.gototthewash.net/pre-post.html). There are also numerous pre and post lube events, see the details at <https://soam2026.gototthewash.net/pre-post.html>

There is a crazy story coming out of Nigeria.

As you may recall back in 2024, a new hash was formed in the country of Sierra Leone, and the existing hash club in the capitol city tried to claim that this new club had to have permission to start hashing. I made it clear that **"A new hash club can start up at any time, in any place, and run trails, no permission required whatsoever."**

Opposite to the events in Sierra Leone, now happening in the capitol of Nigeria, is even crazier. An attempt is being made by a 'new' hash club to copyright the name "Hash House Harriers Abuja" . . . and that the existing club must cease and desist using the name. That is outrageous, any good lawyer should be able to crush this case. So, it will be interesting to see how it all unfolds over the time.
